WHEREAS, On March 5, 1915, Thomas R. Bard, former United States Senator from California, passed to the Great Beyond; and

WILREAS, In the death of Thomas R. Bard, California has lost one of its valued and sterling citizens;

Resolved, That as a token of our regard for our distinguished citizen we adopt this memorial, and instruct the Chief Clerk to have copies properly engrossed and attested and one copy mailed to the widow.

Resolved, further, That when we adjourn today we do so in memory of the departed.

In moving the adoption of and in connection with the introduction of the resolution, Mr. Rigdon delivered the following eulogy on the life of the late Senator Thomas R. Bard. Mr. Brown, Henry Ward, seconded the adoption of the resolution and moved that the eulogy of Mr. Rigdon be printed in the Journal. The resolution and motion was unanimously adopted by a rising vote:

IN MEMORIAM

With the passing of former United States Senator Thomas R. Bard, California loses one of her ablest and most distinguished citizens.

For more than fifty years his name has been connected with the growth of this State. In a very marked degree he has been one of our real builders and his influence is indelibly stamped not only upon California's industrial development but upon her political life as well.

Coming to California in 1864 to assume charge of the vast oil areas of southern California, he became one of the constructive pioneers of our southland. From the date of his arrival until the present day he has been actively interested in everything appertaining to the upbuilding of the State.

Senator Bard was an ideal citizen, always ready to assume his civic responsibility in whatever direction duty called. Thus, we see him as a commissioner to organize the first county government of Ventura County, so long his home. Again we see him as supervisor of that county. Then we find him chosen as presidential elector in 1892, having the distinction of being the only Republican from California when Cleveland was elected President. He was a regent of the University of California and took a deep interest in the educational activities of the State.

In 1900, Thomas R. Bard was elected United States Senator from California. He was one of the big men of the national legislature, and reflected credit upon the State that he represented. His work in connection with the early history of the Panama Canal associates his name intimately with that great project that is to mean so much to this State.

In every way he has been a model citizen, and his life will furnish an inspiration to all of us.

Mr. President, I move that when this Assembly adjourns today it adjourns out of respect to the memory of the late United States Senator, Thomas R. Bard.

By Mr. Johnson:

ORO GRANDE, CALIFORNIA, February 11, 1915

To the honorable Legislators of the State of California:

Your petitioners would respectfully show that they are citizens and taxpayers of the county of San Bernardino in said State of California, that they are informed a goat bill is about to be introduced for passage by Conrad of San Diego, and we believe the purpose of such bill to be detrimental to the best interests of the citizens of this State and our vast wastes of the desert. ALLEN T MOORE, and others

By Mr. Lyon :

WHEREAS, The development of motor driven vehicles has given rise to a new industry, to wit, the transportation of passengers for hire in automobiles and auto busses, and

WHEREAS, The public, through the said automobiles and auto busses generally, is being rendered service in the matter of transportation to an extent which has heretofore been impossible; and

WHEREAS, Reports have come to us by which we are led to believe that certain corporate interests, and particularly the railroad interests of the State are bringing pressure to bear upon our Legislature for the purpose of placing undue and unjust burdens upon the auto bus business for the purpose of legislating this industry out of existence, and

WHEREAS, We believe that the best interests of the public require that the business of transporting passengers by automobiles and auto busses as aforesaid, should be conserved and fostered, and not burdened or destroyed;

Now therefore, we, the undersigned residents of the Sixty-second Assembly District of the State of California, do hereby petition you as our representative to consider and inquire into any and all proposed legislation regarding the transportation of passengers by automobiles and auto busses, and the regulation of the same, and to preserve and protect public interests by using your efforts to the end that no legislation shall be passed which shall place any undue or unreasonable restrictions upon this growing and efficient industry.

By Mr. Johnson:

SAN BERNARDINO, CAL., March 3, 1915

We, the undersigned merchants of San Bernardino, California, do hereby protest against the proposed Assembly Bill No. 207, introduced by Mr. Hanson of Fresno, and Assembly Bill No. 608 introduced by Geo. H. Johnson of San Bernardino, California, and most earnestly request your aid in preventing the adoption of those bills for the following reasons. That those bills will work a hardship on the people who buy on the installment plan, or lease goods with the intention of purchase. As the notary fee and the recorder's fee would have to be paid, and the people buying or renting on the installment plan would have to pay those fees, thereby placing them to that much extra expense, or rather making the goods cost them more money, and only benefiting the notary, who we do not think is entitled to anything from the parties who are compelled to buy their goods on lease contract or installment plan. And those bills can not benefit the purchaser or hirer in any way, and would only cause him to change his entire form of contract. Besides many who take goods on conditional sale, contract or lease, when the transaction is known only to himself and the dealer, who would hesitate or refuse to purchase, should such information become public through recording. And those bills can not in any way benefit, but will work a hardship on the public at large.

Very truly yours,

BOLLONG & NICHOLSON, and others

GREETINGS. At a meeting of the city council of the city of Los Angeles held this day the following resolution was unanimously adopted:

WHEREAS, This city council is aware that a number of bills have been introduced at the present session of the Legislature, both in the Senate and Assembly, affecting the erection, construction and arrangement of tenement house buildings, hotels, lodging houses and private dwellings; and

WHEREAS, This city council finds that amongst other provisions in these bills, that it is proposed that the State Housing and Immigration Commission shall have complete authority over the enforcement of certain of these bills, which have been introduced, and which, amongst other things, contains the following language:

"Provided, however, that the Commission of Immigration and Housing of California shall have power to review and examine all orders, directions and decisions, issued or made by any local department in enforcing the provisions of this Act, and after an examination of the facts and premises shall have full power and authority to revoke or alter such orders, directions or decisions and issue or make new orders, directions or decisions to replace and supersede such orders, directions or decisions"; and

WHEREAS, It is the unanimous belief and sense of this city council that the inclusion of the provisions granting this power to the State Housing and Immigration Commission in chartered cities where building departments and departments of housing are established and maintained, are entirely unnecessary, this being especially true of the city of Los Angeles, whose officials and departments impartially and conscientiously enforce all the laws relating to the erection, construction and alteration of buildings and the maintenance and operation of same regarding sanitation and ventilation; therefore be it

Resolved, That this city council does respectfully protest against the including of "flats" (in which not more than four (4) families live or occupy and which are erected in such a manner that each family has entirely separate stairway and other convenience and use none of the said stairways and conveniences in common) in the tenement house bill and also protests against any bill or bills which will give the right or power to any inspector or deputy in the employ of any board, official or commission, the right or permission to enter and invade private dwelling houses or that will increase the cost of same in the city of Los Angeles and in this connection, be it further

Resolved, That the departments of building and housing of the city be and are hereby requested to prepare a substitute bill along the line of thought contained in this resolution, making such other changes and suggestions which seem pertinent and

present same to this council for its consideration, that a copy of this resolution be forwarded to his Excellency, Hiram W. Johnson, Governor of the State of California, the presiding officer of both houses of the Legislature, chairman of the Judiciary Committee of the Senate and Assembly, and the chairman of the Committee on Public Health and Quarantine of the Senate and Assembly of the State of California.

INVITATION

The following invitation was presented:

By Mr. Speaker:

SACRAMENTO, March 10, 1915.

Honorable C C Young, Speaker of the Assembly, and to the Members of the Assembly of the State Legislature of the State of California.

GENTLEMEN: The Chamber of Commerce of Sacramento desires to issue a hearty invitation to all the members of the State Legislature to be its guests on a trip by rail to Meridian, and from Meridian to Sacramento, by boat on the Sacramento River.

It is desired to leave Sacramento by special train over the Northern Electric Railway on Sunday, March 14th, at 7 o'clock in the morning. The train will leave from the corner of J and Eighth streets.

The train will arrive at Meridian at 9 o'clock and the return trip by steamer will begin at 9:30. Our guests will be served with luncheon on board the steamer.

You are well aware that numerous bills are pending, dealing with the problems incident to swamp lands, flood control, reclamation and drainage, and you are, therefore, no doubt anxious to become acquainted with all of the physical facts in connection therewith. The purpose of this trip, therefore, is to give the members of the State Legislature the advantage of an intimate knowledge of flood condition in the Sacramento Valley.

The State Reclamation Board will be the host, on Saturday, March 13th, to the committees of the Assembly and Senate to which the various measures in question have been referred. The trip on Sunday will be supplemental to the one on Saturday and those who go on Saturday are also included in the invitation for Sunday's event.

Owing to the importance of this subject, the Chamber of Commerce sincerely hopes that every member of the Legislature will make it convenient to accept this invitation.

Very truly yours,

S. GLEN ANDRUS Secretary-Manager

GOVERNOR'S MESSAGE.

The following message from the Governor was taken up and read:

To the Legislature of the State of California:

I have received from the Governor of the State of Oregon, the following telegram

SALEM, OREGON, February 24, 1915

Governor of California, Sacramento, Cal.

Our Secretary of State has sent to you by telegraph copy of Senate Joint Memorial No. 6, relative to proposed water power conference as adopted by our Legislature. I sincerely hope that you will use your best efforts to see that your State co-operates fully with us in this work which I am confident will be of material benefit to each one of us and will pave the way toward sound development of our resources. I shall be glad to receive word that your Legislature accepts the invitation to participate in conference at Portland, Oregon this summer.

JAMES WITHYCOMBE, Governor of Oregon.

And from the Secretary of State of the State of Oregon, the following telegram

SALEM, OREGON, February 23, 1915

The Governor of California, Sacramento, Cal.

The following memorial of the Oregon Legislature is sent you for transmission to the Legislature of your State

SENATE JOINT MEMORIAL NUMBER SIX

WHEREAS There is now pending in the Congress of the United States legislation designed to encourage the development of the water power resources of the West; and

WHEREAS, It is contemplated by such legislation that the interest and control of each state in the water power which may be developed, under the provisions of such legislation, shall in some particulars be no more than one half, the other half accruing to or resting in the government of the United States; and

WHEREAS, In other particulars, said legislation would give to the government of the United States a preferential reversionary interest in water-powers developed thereunder; be it therefore

Resolved by the Senate, the House concurring That it is now wise and opportune for the State of Oregon and the whole people thereof, through their legislative assembly, respectfully to assert for the guidance of their Senators and Representatives in Congress, and for the information of the Congress of the United States, the following principles as just and equitable in the premises: That the title to the beds of all non-navigable streams and the water powers within their banks now unappropriated and as yet not alienated by the State of Oregon, and the title to the beds of all navigable streams within the State of Oregon, and the water power within their banks (subject only to the rights of commerce) is vested exclusively in the State of Oregon and the whole people thereof. That the unappropriated or reserved or withdrawn government lands on the banks of said streams, wherein water power is available while necessary to the development of said power, are in no case of value equal to the value of the water power within said banks, and owned by the State of Oregon. That the State of Oregon does not concede that the proportionate value of said water power to the value of said lands necessary to its development is less than the ratio of fifty to one. That under such conditions it is to the benefit of public policy that the government of the United States relinquish to the states its title to lands needed for water power development, under such terms as will safeguard the public from monopolistic or speculative control. That of importance equal to the water power development is the creation of hydroelectric markets now interfered with by burdensome restrictions on the settlement of public lands and on the utilization of mineral and timber products extending in Oregon alone over tracts equal to nearly sixty per cent of the area of the State; and be it further

Resolved, That for the purpose of declaring in more specific detail the principles which the water power and public land states of the West deem a just and equitable basis for developing their resources. The Legislature of the State of Oregon does hereby invite each of the governors of the states of Washington, Idaho, Montana, Colorado, California, Wyoming, Utah, Nevada, South Dakota and North Dakota, and five delegates to be appointed by the legislatures of the said states to meet with five delegates to be elected by the Legislature of the State of Oregon in conference at Portland, Oregon, in the summer or fall of the year 1915, and be it further

Resolved, That the Governor be selected as chairman of the Oregon delegation and that the Senate select two delegates and the House two dele-

gates; *provided*, that in those states where the legislature will not convene before the time of conference, the Governor be requested to appoint the delegates, and that the Governor of the State of Oregon appoint the time for such conference in accordance with the desires of the several states herein mentioned, be it further

Resolved, That copies of this resolution be transmitted to the Oregon Senators and Representatives in Congress, to the Speaker of the National House of Representatives, to the President of the United States Senate, to the Secretary of the Interior and the Governor of each state invited to the water power conference herein provided for transmission to the legislature of his state

Adopted by the House, February 20, 1915 Ben Selling, Speaker of the House.

Adopted by the Senate, February 20, 1915. W. Lair Thompson, President of the Senate

BEN W. OLCOTT, Secretary of State

I transmit to the Legislature these documents for such action, if any, as the Legislature may deem appropriate

Respectfully submitted

HIRAM W. JOHNSON, Governor

The bonds herein mentioned were authorized by vote of the electors of said district for the purpose of purchasing the irrigation system by which the people of said district are furnished with water for irrigation and domestic purposes and of protecting such irrigation system and thereby the people in it from destruction by flood of the Colorado River.

This district with its population of over thirty thousand people is in great danger of loss of life and property by such threatened overflow during the approaching summer. It is necessary for protection against such danger that said district be enabled to sell such bonds and owing to the many new features presented in this new district upon which no judicial precedents exist, it is impossible to sell the bonds herein mentioned unless they are validated.

The flood season of the Colorado River is the month of May and in order that the proceeds of such bonds may be available in time to meet such flood, this Act must take effect upon its passage. SEC. 47. Any county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, or public utility district or any other public corporation may, at any time, file with the commission a petition setting forth the intention of said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation to acquire under eminent domain proceedings, or otherwise, any existing public utility, and the lands, property and rights of any character, whatsoever, connected with such existing public utility, or any part or portion thereof. Said petition shall give a full and complete description of said public utility, lands, property and rights, or the parts or portions thereof, it is so intended to acquire, and may pray that the commission fix and determine the just compensation which shall be paid by such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district, or other public corporation under the law, for said public utility and said lands, property and rights thereof or the parts or portions thereof sought to be acquired. Or the legislative or other governing body of any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation may file with the commission a petition setting forth its intention to initiate such proceedings as may be required under the law governing such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation for the purpose of submitting to the voters of said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation a proposition to acquire under eminent domain proceedings or otherwise any existing public utility and the lands, property and rights of any character whatsoever connected with such existing public utility, or any parts or portions thereof. Such petition shall give a full and complete description of the said public utility, lands, property, rights, or the parts or portions thereof concerning which it is so intended to initiate said proceedings as above described. Upon either of such petitions being filed, the commission shall proceed to fix and determine the just compensation that should be paid to the owner of such public utility and the lands, property and rights thereof, or any such parts or portions thereof, in the manner and in accordance with the provisions of section 70 of this Act. In the case of the petition first above described, within sixty days after the commission shall have certified, in accordance with section 70, its finding as to the just compensation that should be so paid for such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, must commence an action in a court of competent jurisdiction and in a manner in accordance with the provisions of law, to take under eminent domain proceedings said existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, the value of which has been so fixed and determined as herein provided, unless the owner of such existing public utility, and the lands, property and rights thereof, or any such parts or portions

thereof, shall file a written stipulation consenting and agreeing to accept the compensation so fixed by the commission to be paid by the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, for the taking of said existing public utility and the lands, property and rights thereof, or any such parts or portions thereof. Said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall not be required to delay for more than twenty days after the said commission shall have so certified its findings in accordance with said section 70, before commencing such proceedings in eminent domain. In the case of a petition of said legislative or other governing body of any county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, filed as above described, setting forth its intention to so initiate such proceedings for the purpose of so submitting a proposition to the voters of any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, then within sixty days after the commission shall have certified, in accordance with section 70 its findings as to the just compensation that should be so paid for such existing public utility and the lands, property and rights thereof, or any such part or portion thereof, the said legislative or other governing body must so initiate such proceedings, unless there be obtained a writ of review from the Supreme Court of the State of California, in accordance with the provisions of section 70 hereof, and if said writ of review be so obtained the time for the initiation of such proceedings shall be extended to not more than sixty days beyond the final decision of the Supreme Court upon such writ of review. If the people of any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, shall thereafter as required by the law governing such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, vote in favor of any proposition to acquire under eminent domain proceedings, or otherwise, said public utility, or the lands, property and rights thereof, or any such parts or portions thereof, then the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, shall, within sixty days after the people have so declared in favor of such acquisition, commence an action in a court of competent jurisdiction, and in a manner in accordance with the provisions of law, to take under eminent domain proceedings said existing utility and the lands, property and rights thereof, or any such parts or portions thereof, the value of which has been so fixed and determined as herein provided, unless the owner of such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, shall file a written stipulation consenting and agreeing to accept the compensation so fixed by the commission to be paid by the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, for the taking of said existing public utility and the lands, property and rights thereof, or any such parts or portions thereof. Said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall not be required to delay for more than twenty days after the said commission shall have so certified its findings in accordance with said section 70 before commencing such proceedings in eminent domain, *provided, however* that in any case where the law governing any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, permits such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, to commence and prosecute such proceedings in eminent domain prior to any such vote being had by the people, then the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, whose legislative or other governing body has so filed such a petition with the commission, as above described, may, within sixty days after the commission shall have certified, in accordance with section 70, its findings as to the just compensation that should be so paid for such existing public utility, and the lands, property and rights thereof, or any such part or portion thereof, commence an action in a court of competent jurisdiction and in a manner and in accordance with the provisions of law, to take under eminent domain proceedings said existing public utility, and the lands, property and rights thereof, or any such parts or portions thereof, the value of which has been so fixed and determined as herein provided, unless the owner of such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, shall file a written stipulation consenting and agreeing to accept the compensation so fixed by the commission to be paid by said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, for the taking of said existing public utility and the lands, property and rights thereof, or any such parts

or portions thereof. Said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall not be required to delay for more than twenty days after the said commission shall have so certified its findings in accordance with said section 70, before commencing such proceedings in eminent domain.

Whenever the owner of such existing public utility and such lands, property and rights thereof, or any such parts or portions thereof, shall file such a stipulation, the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district, or other public corporation must proceed with all due diligence to provide the necessary funds under the laws governing the providing of such funds, for paying to the owner of such existing public utility and such lands, property and rights thereof or any such parts or portions thereof, the amount fixed by the commission as the just compensation to be paid. Upon such compensation being paid to the owner of said existing public utility or the lands, property and rights thereof, or any such parts or portions thereof the owner thereof shall make and execute to the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation a deed of grant, bargain and sale conveying all of the right, title and interest such owner has in the existing public utility and lands, property and rights thereof, or any such parts or portions thereof whose value has been so fixed as herein provided. And in default of such deed the commission is hereby empowered to execute such deed, as the trustee of said public utility and lands, property and rights thereof, or any such parts or portions thereof. Should the owner of such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, fail to file such a written stipulation as above, the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation must commence the action herein provided for within the time herein provided for. In such action the compensation fixed by the commission to be paid for such existing public utility and the lands, property and rights thereof, or any such parts or portions thereof, shall be deemed final and conclusive between the parties, and the court in which the action is pending, if it shall first decide that such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation has the right and power under the law to take the said existing public utility and the lands, property and rights thereof, or such parts or portions thereof, whose value has been so fixed as herein provided for, shall enter a decree in favor of the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation as provided by law, fixing the amount that shall be paid as the just compensation for the taking of such existing public utility and the lands, property and rights thereof, or any parts or portions thereof, as the amount fixed and determined by the commission. The judgment shall include a provision, in substance, that said judgment is subject to modification on account of any unreasonable depreciation or deterioration in value of the property taken, or on account of any loss which might be suffered by the owner of said public utility through his being required to properly take care of said property, as is hereinafter more fully provided for. If between the date of the filing of any such petition and the payment of the compensation to the owner of the public utility, the owner of the public utility shall permit the property taken to unreasonably depreciate or deteriorate in value, the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district, or other public corporation, may file with the commission a petition setting forth that fact, and praying that the commission determine and fix the amount of said unreasonable depreciation or deterioration. The commission shall thereupon order a copy of said petition to be served upon the owner of said public utility with an order to within ten days appear before said commission and show cause why there should not be deducted from the amount of compensation to be paid an amount sufficient to cover said depreciation or deterioration. The commission shall on the day so fixed, unless for good cause the hearing is continued, proceed to ascertain whether there has been any such depreciation or deterioration, and if so, what amount should be deducted therefrom from the compensation to be paid. Hearings shall be had in the same manner as provided in section 70 of this Act. The commission shall thereupon certify to the court any amount which may be determined upon that should be so deducted from the compensation, and the court shall thereupon modify its judgment in order to conform with said ascertainment by said commission. If between the time when the judgment in condemnation has become final and the time of the payment of the compensation the owner of the public utility shall, in order to preserve the property, be required to suffer a loss, the said owner may file a petition with the commission setting forth this fact, and praying that the commission determine and fix the amount of the loss which the owner has so suffered. The commission shall thereupon order a copy of said petition to be served upon the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, with an order to within ten days appear before said commission to show cause why there should not be paid, in addition to the amount of the judgment, an amount sufficient to

compensate for the said loss. The commission shall on the day so fixed, unless for good cause the hearing is continued, proceed to ascertain whether there has been any such loss, and if so, how much. The hearing shall be conducted as provided in section 79 of this Act. The commission shall thereupon certify to the court any amount of loss so determined upon, and the court shall thereupon modify its judgment in order to conform with said ascertainment by the commission. Said amount of loss which may be so required to be paid to the owner of said utility shall not be considered as compensation for the property taken, but shall be considered as damages awarded for the loss so sustained by the owner of the utility. And the filing of any such petition by the owner of the utility shall not act as a stay of the decree in condemnation, but upon the payment of the amount fixed in the original decree in condemnation, the plaintiff shall be entitled to immediate possession of the property taken. The findings of the commission fixing the just compensation to be paid or the amount that should thus be deducted from the judgment on account of such unreasonable depreciation or deterioration, or that should thus be added to the judgment on account of said loss suffered, shall be subject to review by the Supreme Court of this State in the same manner and within the same time as other orders and decisions of the commission. Said writ of review may be issued at the instance of either the owner of the public utility or of the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation.

Should a writ of review be obtained from the Supreme Court of the State of California in accordance with the provisions of section 79 hereof, the time for the filing of such suit in eminent domain by the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation shall be extended to not more than sixty days beyond the final decision of the Supreme Court upon such writ of review; or, should said writ of review be obtained prior to the vote by the people of said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation upon any such proposition, then said sixty days period to be extended to not longer than sixty days after such vote is had. If the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation or the legislative or other governing body thereof shall fail to file such suit or proceed diligently to enforce the rights herein conferred and in the manner herein set forth then upon written petition from the owner of such existing public utility setting forth said fact, the commission shall cause a notice of not less than ten days to be given to said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation to appear before said commission and show cause why an order should not be made by said commission finding that the said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation has failed to diligently pursue its rights hereby conferred, and determining that the findings of the said commission theretofore made as to the just compensation that should be paid for the existing public utility and the lands, property and rights thereof, or any such part or portion thereof, shall no longer be of any force or effect. And said notice shall include a copy of said written petition so filed by said owner of such existing public utility. If the commission shall determine that said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, or the legislative or other governing body thereof has so failed to either file such suit or to proceed diligently to enforce the rights herein conferred and in the manner herein set forth, the commission shall make and enter such an order as so petitioned for by the owner of such existing public utility. Should the Supreme Court, upon a writ of review being obtained, decide that in any manner the commission has not lawfully pursued its power hereby conferred or conferred in this Act the Supreme Court shall make its findings and refer the matter back to the commission for correction or further action. Upon such writ coming down to the commission, it shall proceed, as in the first instance to correct its findings in the manner specified in the writ of review. Any such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation must pay at such times in such amounts as may be directed by said Railroad Commission any extra costs which it might be necessary for said Railroad Commission to incur in order to comply with the requirements of this section. And the court, upon rendering any judgment in eminent domain, as herein provided for may include therein the allowance of such costs as between the parties as is provided for in the law of eminent domain of this State. The rights herein conferred upon any county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, or upon the legislative or other governing body thereof, to so file with the commission a petition

for the ascertainment of the just compensation that should be so paid for any such existing public utility and lands, property and rights thereof, or any such part or portion thereof, shall not be considered as an exclusive mode of procedure, but shall be considered as an alternative and cumulative procedure which may be followed by such county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation, or the legislative or other governing body thereof in addition to any other method of procedure provided for in law for the taking by said county, city and county, incorporated city or town, municipal water district, county water district, irrigation district, public utility district or other public corporation of any such public utility or lands, property and rights thereof, or any such part or portion thereof, under eminent domain proceedings, in accordance with the law of this State; and this Act shall not be construed as repealing any law of this State providing for such eminent domain proceedings.

CALEXICO, CALIFORNIA, March 2, 1915

To the Honorable Members of the California State Legislature, Sacramento, Cal.

GENTLEMEN: The Farmers and Merchants Club, in session today, passed the following resolution

WHEREAS, California has a state highway to the Oregon line, and a state highway which is nearing completion from Los Angeles to San Diego, and a state highway is now under course of construction from San Diego to El Centro, the county seat of Imperial County, and which is planned will be completed on or about August 1, 1915; and

WHEREAS, From El Centro to Yuma, on the Arizona state line, the distance is 59 miles and the Yuma bridge constructed by the State of Arizona, United States and California interests, costing \$75,000, which is the only wagon bridge for 1,200 miles up and down the Colorado river, and which bridge will be completed by the fifteenth of March, 1915; and

WHEREAS, A bill has been introduced in the California State Legislature asking for an appropriation of \$200,000 toward the continuation and construction of the state highway from El Centro to Yuma and

WHEREAS, The State Board of Control have recommended an appropriation of said sum of \$200,000 for that purpose, we believe that if the said appropriation is granted, arrangements will be found and obtained through the State Highway Commission, the United States government and the county of Imperial to complete the road from El Centro to Yuma, which will give a modern concrete highway from the Oregon line to Arizona, opening up new trade relations with the State of Arizona and New Mexico, and providing for continuous travel and

WHEREAS, Assemblyman Avey has introduced a bill in your Legislature providing for an appropriation of \$200,000 for building of road from the Riverside County line near Mecca, to Brawley, and the apportionment of \$50,000 of said sum to apply on Mammoth Wash road, and which bill said Assemblyman Avey has stated he will amend to eliminate the Mammoth Wash road, thereby leaving no opposition to the El Centro to Yuma road via Dr. Bond's corner; therefore, be it

Resolved, That this organization do earnestly urge upon the members of the California State Legislature the passage of Assembly Bill 344, introduced by Assemblyman Wills, of Imperial County, appropriating \$200,000 to construct a state highway from El Centro, California, to Yuma, Arizona; that the same would be advisable and of more state-wide benefit and importance by reason that it is the only route feasible and will be used by the greater number for trans-continental travel, as well as to open up trade relations with Arizona and New Mexico, and, further, that this route is now daily used for travel and commercial purposes between Imperial Valley and Yuma; that the distance from Yuma to Los Angeles is 300 miles via Brawley on the route proposed by Assemblyman Avey, while from Yuma to Los Angeles via El Centro and San Diego is 310 miles, and giving a completed highway for travel and commercial purposes.

ADDRESS.

The following address was presented by Mr McDonald, W. A., and ordered printed in the Journal:

ST PATRICK'S DAY SPEECH

This is the birthday of Saint Patrick the Patron Saint of Ireland and in passing we may note that in company with us throughout the civilized world, wherever the sons of the Gael may wander, the praises of Saint Patrick are sung and the story of his life and teachings are told.

The 17th day of March is a day that will ever be celebrated by the sons of Erin whether under the open dome of Ireland's sky, in the dark recesses of her glens and caves, or in the temples and halls of fame of foreign lands. The 17th day of March is Ireland's great national holiday. It is a day that has a tender sig-

nificance to every Irish heart. It is a day that has come to indicate and suggest to the Irish mind the time when Ireland and her people were freed from the bonds of paganism and superstition; the time when Ireland was one of the great centers of intellectual activity in Europe; the time when Ireland was called the "land of saints and scholars;" the time when the sons of Erin were happy, contented and free. It is a day that suggests and recalls to the Irish mind the time when Ireland was the "Niobe of nations." It suggests the tear-stained, blood-stained tragedy of the Irish race—the long, sad struggle of a people for liberty and independence, the long, sad struggle of a people to maintain the faith that St. Patrick implanted within their breasts. Yes, it is a day that has come to serve as an inspiration for the future and it gives rise to the fond hope in the breast of every Irish heart that Ireland may soon again become a free and independent nation.

We celebrate St. Patrick's day above all other days because St. Patrick reared the cross of God on Erin's soil, because he lit the fire of the Christian faith in the Irish breast never to flicker or die out; because St. Patrick symbolizes the Irish ideal of true manhood, his lowly birth and beginning, his life, his humility, his works and his teachings have served and will ever serve as an inspiration for devotion, fidelity, courage and true Christian charity to the Irish race.

There is also another reason why we celebrate St. Patrick's day, and why we recall the part that Ireland and her sons have played in the world's history. To tell the story of Ireland to the people of the civilized world in order that they may appreciate and have before them the injustice Ireland has suffered in order that Banquo's ghost may not slown and in order that England in this enlightened age, bowed in sorrow and shame, may at last repent and endeavor to make at least partial reparation for her sins against the Irish people.

History tells us that St. Patrick in about the year 400 A. D. came to Ireland as a slave; that he was employed as a shepherd herding sheep on her mountain sides, that he learned to love her cheerful, true and simple people; that he escaped to the continent where he prepared himself and returned to Erin as an apostle of Christ to convert the people, whom he had learned to love, to Christianity without shedding a single drop of blood.

At the time St. Patrick came to Ireland, she was a pagan nation, though her people were possessed of a certain loftiness of mind and worship, and had reached a high state of culture and civilization. St. Patrick indeed found a fertile soil in the keen, sharp and receptive mind of the Celt in which to sow the seeds of the true Christian faith. The result of St. Patrick's fruitful mission to Ireland is too familiar to you to warrant repetition. You remember how he Christianized her people, how he met the Druids, the learned priests of Paganism, and the King of Ireland on Tara's Hill and here explained to them the true Christian faith, and expounded to them the doctrine of the Trinity, using as an illustration the three-leaf Shamrock, which was ever afterward to be a sacred emblem of the Irish people; how he then lit the flame of Christianity upon the altar of God which has remained burning steadily throughout the centuries, dispelling the surrounding darkness and sending its civilizing beams to the uttermost parts of the earth.

The centuries immediately following the advent of St. Patrick to Erin were prosperous ones for her people. She was known as the land of Saints and scholars. Her schools and colleges were famed the world over. She was in fact one of the great centers of intellectual activity. Her learned monks carried the celestial banner of Christianity to the continent and to her sister island, England. Her teachers were sought in the leading institutions of learning of the time. Charlemagne, who had reared his great empire on the ruins of mighty Rome sought out the Irish scholars and teachers and appointed them to positions of honor and responsibility in his court.

While her people were quietly engaged in peaceful educational pursuits and in furtherance of the arts and sciences; when the pen had supplanted the sword; the Danes, a band of marauders and barbarians of the North, like the Huns of Eld, crushed down upon her like a mighty avenging fury; destroyed, sacked and pillaged her churches and her temples, laid waste her fields and impaired her industries. But her people were undaunted, and with the faith of St. Patrick in their heart and the determination to be free, a United Irish people rose up in their might and drove the enemy from their borders in the year 1014 on the field of Clontarf, under the leadership of the mighty Brian Boru. But the influence of the Danes left its traces on Irish civilization and in her weakened condition, Ireland with her life blood sapped; her institutions of learning in ruins; her fields laid bare began slowly to recoup her lost fortunes. Her people, somewhat disunited, but filled with sincerity, simplicity and truth, unaccustomed to the treachery, deceit, intrigue and bad faith of her Briton brethren, fell a prey to the siren guile and serpent guile of Henry II, their pretended friend, in the year 1171. Then followed the tear-stained, blood-stained tragedy of Erin's sons—the terrible slaughter by Cromwell at Drogheda. Her very hills and valleys echoed with the wails and moans of a starved, dying and depressed people. Her very soil reeked with the innocent blood of her sons.

During these dark days in Erin, there appeared on the scene of action heroes, priests, patriots, statesmen and martyrs whose loyalty, bravery and courage astounded the world; her Hugh O'Neils, her Patrick Sarsfields; her Father Murpheys; her Wolf Tones; her Lord Fitzgeralds; her Edmond Burkes; her Robert

Emmets; her Daniel O'Connells; her William Smith O'Briens, her Thomas Francis Meaghers; her Michael Davitts and her Charles Stuart Parnells.

The history of the dark days of Erin are doubtless familiar to you all. Her penal laws—how her representatives of God were hunted like wolves—her lands taken from her sons—oppression unbearable—tyranny unspeakable—Ireland oppressed by her brethren of Briton without right or reason; robbed of her lands and possessions; robbed of her homes and her firesides—Ireland, who had a glorious history—"ere England had emerged from British barbarism!" Her sons forbidden by law to wear the green Shamrock, their sacred emblem with unselfish devotion to a principle and to the Faith of their Fathers, and with that courage, sacrifice and fidelity symbolized to the Irish mind by St. Patrick, began their march westward. In the words of the poet:

"But if at last our color should be torn from Ireland's heart,
Her sons with shame and sorrow from the dear old Isle will part.
I've heard a whisper of a country that lies beyond the sea,
Where rich and poor stand equal in the light of equality."

SAN DIEGO, CALIFORNIA, March 10, 1915

WHEREAS, A novel and heretofore unthought of transportation has arisen in cities, which on account of its novelty appears to have no laws to regulate it other than the police powers of the cities, and

WHEREAS, Without entering into the merits or demerits of the jitney bus, this Chamber of Commerce is of the opinion that laws should be passed for its regulation; that it should bear its just proportion of the taxes borne by other transportation companies; that it should be compelled to give a regular and dependable service; should provide bonds for the safety of its patrons, and furthermore, that the service it gives should be upon streets which are not at the present time adequately served by street cars and other accepted methods of transportation, under franchises granted by the cities or counties.

Resolved, That this Chamber of Commerce recommends to its representatives in the Senate and Legislature that they use every endeavor for the purpose of passing legislation to the end that the jitney bus be compelled to exercise the right of franchise, and furthermore, that it shall be placed absolutely under the control of the Railroad Commission of the State of California.

I hereby certify that the above is a true and correct copy of resolution passed unanimously at the regular meeting of the Board of Directors of the Chamber of Commerce of San Diego County, held Wednesday, March 10, 1915.

RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN DIEGO
STATE OF CALIFORNIA

WHEREAS, There have been introduced in the present session of the Legislature of the State of California, certain bills, the purpose and substance of which bills is to take the supervision and control of the construction and maintenance of county highways out of the hands of the respective boards of supervisors of the various counties in the State, and place the same in the hands of highway engineers, to be appointed by the State Department of Engineering; and

WHEREAS, It appears to this Board of Supervisors that all said bills having said object in view, are objectionable for the following reasons

First—Because the members of the various boards of supervisors are each better acquainted with the needs of his particular district, and better qualified to judge of the necessities for highway building and repair therein, than a non-resident engineer could possibly be.

Second—Because it would take many years for a non-resident engineer to acquaint himself by experience with the problems and needs of road construction in the various districts of the county so that he could meet the same with knowledge equal to that already possessed by the supervisors.

Third—Because the employment of such engineers and their assistants would impose upon the counties a burden of overhead expense in the matter of highway construction and repair, without compensating advantages for such overhead expense.

Fourth—Because the supervisors are charged with the duty of managing the funds of the county and controlling the expenditure thereof and are road commissioners of their several districts and should therefore remain in control of the road work for which all road funds are expended.

Fifth—Because the system proposed by the said bills would encumber the process of road construction and repair with needless complications and red tape and office procedure and create conflicting authority, none of which would be of any benefit in improving the quality of the roads.

Sixth—Because the system proposed in the said bills tends directly to the centralization of government by appointed officials, rather than to the maintenance of the local affairs by locally elected officers, and is in direct opposition to the well-established principles of local self-government which have always been favored in this country.

Seventh—Because the people who are served by the public highways and pay the expense of maintaining and constructing the same, are satisfied to continue the supervision of construction and repair of said roads in the hands of the board of supervisors under the present system, and are opposed to legislation which would increase the burden of taxation and materially reduce the county funds which are applicable to road construction and maintenance; now, therefore, it is hereby

Resolved, That this Board of Supervisors opposes and disapproves any change in the laws relating to the supervision and control of the public roads and highways or the appointment of a highway engineer for each county in the State or the removal of the supervision and control of the public highways from the hands of the boards of supervisors in the several counties; and be it further

Resolved, That the representatives of San Diego County in the Senate and Assembly of the State of California are hereby requested to work against the passage of any of the bills heretofore referred to.

This resolution is passed and adopted by the Board of Supervisors of the County of San Diego, this 15th day of March, 1915 by the following vote

Ayes—J. P. Smith, C. H. Swallow, Joseph Foster, C. L. Good, G. F. Westfall

J. P. SMITH, Chairman.

Attest: J. T. BUTLER, Clerk of the Board of Supervisors.

By B. ALLEN, Deputy.

Also:

RESOLUTION OF THE BOARD OF SUPERVISORS OF SAN DIEGO COUNTY, STATE OF CALIFORNIA, PASSED ON THE TWELFTH DAY OF MARCH, NINETEEN FIFTEEN

WHEREAS, There has been introduced in the present session of the Legislature of the State of California, by Mr. Grant Conard, a certain bill numbered 197 providing for the regulation of the keeping or pasturing of goats, and

WHEREAS, It appears to this Board of Supervisors that the passage of said bill will be very beneficial to the State of California in that it is intended to harmonize

the goat industry with the cattle, dairy, beekeeping and sporting interests; therefore, be it

Resolved, That the representatives of San Diego County in the Senate and Assembly of the State of California are hereby requested to work for the passage of said Assembly Bill No. 197 hereinbefore referred.

This resolution is passed and adopted by the Board of Supervisors of the county of San Diego, this 12th day of March, 1915, by a unanimous vote.

J. P. SMITH, Chairman

ALICE J. T. BUTLER, County Clerk and ex officio Clerk of the Board of Supervisors

By B. ALLEN, Deputy.

By Mr. Ashley:

To the Members of the Legislature of the State of California

WHEREAS, An effort is being made to have the Legislature of the State of California declare abandoned the Sonora and Mono State Highway, leading through the counties of Tuolumne and Mono, and across the Sierra Nevada Mountains; and

WHEREAS, Said efforts if enacted into law will result in a detriment to the State of California, and particularly to the interior counties of the central portion of California, and said highway should not be abandoned for the following reasons:

1st It is the only route directly connecting the county of Mono with the counties on the western slope of the Sierras.

2d In the neighborhood of one hundred thousand (100,000) dollars has already been expended on said road by the State in permanent improvement which little cost will keep in repair

3d It opens up a scenic country that is visited by thousands of tourists annually.

4th It forms an extension to the present State Highway that is being built to the city of Sonora.

5th That said road was originally built at a cost of \$250,000 and its abandonment at this time will mean a total loss of the use of said road to the people of the State

Therefore, We, the undersigned citizens and residents of the State of California do earnestly petition your honorable body that you take no action which will result in the abandonment of said road

S. E. SEMPLE, and others.

By Mr. Lyon.

WHEREAS, Such provision is justly due from the State of California to those who have offered their lives and services for the preservation, protection and honor of the nation; and

WHEREAS, The national spirit of patriotism, so essential to the perpetuation of our free institutions, is fostered more by these organizations than any other institutions of our country; and

WHEREAS, The honorable Board of Supervisors of the county of Los Angeles has set a worthy example to the State by providing a commodious and well equipped hall in the County Hall of Records of said county for such purposes as are contemplated by said bill; now therefore be it

Resolved By Roosevelt Camp No. 9, Department of California, United Spanish War Veterans in regular meeting assembled, at Patriotic Hall, Los Angeles, Cal., on March 4, 1915, unanimously, that said bill be, and the same hereby is heartily endorsed, and all members of the Assembly and Senate are urged to support said bill and to aid and assist in securing its enactment into law.

RESOLUTION ADOPTED BY THE COLUSA COUNTY BOARD OF SUPERVISORS,
MARCH THIRTEENTH, NINETEEN FIFTEEN

Resolution Against Legislative Action in Matters Affecting the
Sutter Basin Controversy.

To the Honorable, the Legislature of the State of California.

WHEREAS, The taxpayers and property owners of the county of Sutter are engaged in a contest with certain interests, who through the medium of Reclamation District 1500 are endeavoring to reclaim a large acreage of swamp and overflowed lands to the detriment and irreparable injury of valuable and improved lands not subjected to the overflow, and are seeking to throw the burden of the reclamation upon lands damaged thereby; and

WHEREAS, The county of Sutter has, by legal proceedings, enjoined the further northward construction of these works of reclamation and further northward construction of the levee of the East By-Pass; and

WHEREAS, In this controversy private and public property rights of the first magnitude and the welfare and prosperity of a whole county are involved, as well as the right of a community to be protected and not destroyed or injured by the State of which it is a part, and

WHEREAS, There have been introduced into the Legislature certain bills, among which are the following Senate Bill No. 631 and Assembly Bill No. 759, Senate Bill No. 634 and Assembly Bill No. 831; Senate Bill No. 661 and Assembly Bill No. 764; Senate Bill No. 662 and Assembly Bill No. 765; Senate Bill No. 660 and Assembly Bill No. 766 that will, if they become laws, hamper the county of Sutter in its fight for its preservation and protection, and serve to work for the triumph of the interests opposed to the welfare of the county of Sutter, and serves to change the fundamental law pertaining to reclamation and are therefore dangerous to the county of Colusa, now, therefore, be it

Resolved, That we, the Board of Supervisors of the county of Colusa, do earnestly request and importune you, the Legislature of the State of California, that you do not pass any of the above mentioned bills or any measure that may affect or apply to the reclamation situation in the county of Sutter but that you leave the contest and the lawsuits arising therefrom to be settled under the law as it stands and as it stood when the property rights involved were acquired, and this board earnestly requests that our Senator, Claude F. Purkitt, and Assemblyman E. L. Sisson, use their utmost endeavors in opposing the passage of said bills.

By Mr. Rominger:

LONG BEACH, CALIFORNIA, March 17, 1915.

Hon. Joseph A. Rominger, Sacramento, California.

DEAR MR. ROMINGER: KNOWING your deep interest in educational matters, we feel sure you have given some thought to the financial condition of the schools of California since the repeal of the poll tax. We ask you to use your influence to have the deficiency in the State school fund thus occasioned made up by the State and not leave it to local authorities by an increase in local taxes. Many counties and school districts will not increase local taxes and our State school system will suffer. Especially will the rural schools be impaired by the loss of money, and thus poorly equipped schools with short terms will be the result.

Believing it is imperative that the state school fund should be maintained in its present amount we earnestly ask you to co-operate with other legislators and to use all your influence to the end that the deficiency which the schools are facing, be made up by an appropriation by the State.

MANUFACTURERS' ASSOCIATION OF SAN DIEGO.

SAN DIEGO, CALIFORNIA, March 17, 1915

WHEREAS, The Manufacturers' Association of San Diego is of the opinion that laws should be passed for the regulation of the jitney bus, that it should bear its just proportion of the taxes borne by other transportation companies, that it should be compelled to give a regular and dependable service, should provide bonds for the safety of its patrons, and furthermore, that the service it gives should be upon streets which are not at the present time adequately served by street cars and other accepted methods of transportation, under franchises granted by the cities or counties

Resolved, That the Manufacturers' Association of San Diego recommends to its representatives in the Senate and Assembly that they use every endeavor for the purpose of passing legislation to the end that the jitney bus be compelled to exercise the right of franchise, and furthermore; that it shall be placed absolutely under the control of the Railroad Commission of the State of California, be it further

Resolved, That it is the sense of this organization that if prompt action can not be taken by the Legislature, looking to a permanent disposition of the question, that an emergency measure be passed at this session of the Legislature, vesting full power and authority in all municipalities to pass regulatory measures pending permanent disposition by the State Railroad Commission of the State.

RESOLUTIONS ADOPTED BY THE BOARD OF SUPERVISORS OF YUBA COUNTY,
FEBRUARY THIRD, NINETEEN FIFTEEN

WHEREAS, Reclamation District No. 1500, commonly referred to as the "Armour Project," is engaged in building certain levees in the Sutter Tule Basin of Sutter County, which levees will, if completed, turn the waters of said tule basin from their accustomed channels and cause such waters to overflow and inundate at least 30,000 acres of high and valuable agricultural land in said county not now subject to overflow from that source, thereby destroying and endangering many homes and many miles of public highways and county bridges; and.

WHEREAS, Sutter County and a number of land owners in said county have commenced separate actions against said Reclamation District No. 1500 and others, praying for an injunction against said reclamation district to restrain it from building any levees or dams which will divert said waters from said tule basin on to the highways and lands of said plaintiffs; and

WHEREAS, Said actions are now pending in the Superior Court of Sutter County, before Hon. Emmett Seawell judge of the Superior Court of Sonoma County, and said judge has ruled that the complaint of said county and the complaint of said landowners state a cause of action, and said actions are now awaiting trial on their merits; and

WHEREAS, The construction and maintenance of said levees in said Sutter Tule Basin as now proposed will raise the water plane in that vicinity over ten feet and necessarily the water plane in the Feather River thereby endangering valuable agricultural lands in the county of Yuba; and

WHEREAS, There has been introduced in the present Legislature certain bills known as Senate Bills Nos. 631, 634, 660, 661, 662 and 722 and Senate Con-

Resolved, This Board protests against the passage of any of said bills, or bills of like nature, and that we approve the position of said Sutter County and said land-owners in their fight, and we ask the help of the Governor of this State and of the Legislature for the people of Sutter County in their struggle to save their lives and property.

RESOLUTIONS PASSED BY MINISTERIAL UNION OF LOS ANGELES

WHEREAS, By a vote of 455,701 the citizens of California decisively defeated an effort of the liquor interests to prevent for eight years any efforts for local prohibition of the liquor traffic and destroy the Wither local option law, and

WHEREAS, 355,536 citizens of California voted on November 3, 1914 for the total prohibition of the manufacture, sale or transportation of alcoholic liquors which have been and are now producing over half of the paupers, insane and criminals of the State with the inevitable expense of many millions of dollars to care for them, and

WHEREAS, A state commission, known as the Viticultural Commission has been and is now in the hands of those who have for many years and are now using it as a propaganda for the saloons and their own selfish interests and during the recent campaign in this State used public money, the bulletins of the commission and had with them on the platform a certain lady who evidently with their consent if not on their initiative used the opportunity furnished by them to further the interest of the saloons, distilleries and wineries and the selfish interests of some of the commissioners, themselves and thus dragged the State into opposition to the desires of over 350,000 of its citizens expressed at the ballot box, therefore

Resolved, That in the interests of economy, decency, sobriety and the moral and material welfare of the State we request the Senate and Assembly in Legislature assembled to do away with the aforesaid commission with its selfish and degrading propaganda and that all the legitimate interests of the table and raisin grape growers be placed in the hands of the agricultural department of our State University

EDWARD O. TRAYER Secretary

By Chief Clerk:

LOS ANGELES, CALIFORNIA March 20, 1915

Mr. L. B. Mallory, Chief Clerk of the Assembly, Sacramento, California

MY DEAR MR. MALLORY: A vote recently taken in the Hollywood high school faculty, made up of fifty-six representative high school teachers, showed them to be unanimously opposed to Senate Constitutional Amendment No. 15, providing for a uniform series of textbooks for secondary schools

Their objections to such legislation may be grouped under the following heads

1 Uniformity of high school texts is a serious hindrance to advancement
2 Compared with the importance of using the best at all times, the expense involved is insignificant.

3. Uniform free high school texts are unnecessary.

4 When printed in small numbers, texts are certain to be either inferior, or expensive

5. A uniform system of textbooks for junior college departments with their state university grade of work, and their diverse local problems is absurd.

6. Arguments for uniform free textbooks for the elementary schools do not hold when applied to secondary schools.

Our reasons under the above different headings, for considering such legislation prejudicial to the best interests of secondary education in California will be taken up more in detail below.

1. Uniformity a hindrance to advancement

Our remarkable educational development in the west in recent years has been due largely to a wise freedom permitted in attacking new problems in new ways.

At the present time science instruction, and to a somewhat less extent mathematics instruction, is in a state of transition. The trend is toward making the instruction in both of these departments more vital by more closely correlating it with everyday experience. For this reason, if for no other, the present time would be a very unfortunate one for adopting a uniform system of textbooks.

A text which is the best for one school may be far from the best for another whose aims and conditions are different, as no school can do its best work without tools fitted to its need.

In adopting a text in botany, for instance, no attention could be given to the special needs of any community and the text must need be a compromise and, just to that extent, a mis-fit in every instance.

Some of the eastern states are just now escaping from the yoke of more or less rigid syllabi for many of the high school subjects. In its worst form a syllabus would be preferable to a state-wide uniformity of texts.

When such sciences as physics and chemistry are changing as rapidly as at present, a textbook adopted even for four years may be entirely out of date before the end of that time.

2. Expense of change in texts comparatively insignificant.

Textbook publishers are always willing to make a liberal exchange allowance for second-hand books when replaced by new. Even if this were not so, the expense for new books is insignificant compared with the value of having up to date books. A lawyer would scarcely consider it good business to prepare a case with an out of date code before him simply because some one had given it to him.

As to the actual money value in after life of a four years' high school training, a careful estimate based on 2000 actual workers has been made by the Massachusetts Commission for Industrial and Technical Education and shows that, figured to an age of only 45 years, the high school student will receive, on an average, over \$15 per day for each day spent in the high school, while at an outlay of less than five cents per day each pupil can provide himself with a new set of the best and latest books to be had each year. Is it wise under these conditions for him to be satisfied with other than the best educational tools?

3. Free textbooks unnecessary

The provision that boards of education shall furnish textbooks free to those who are unable to buy them meets all the essential needs of a universal free textbook law.

High school texts should be retained by pupils after graduation for reference purposes and should become the nucleus of a future library.

That free high school texts would tend to enlarge the State Printing Office, give employment to a few more men, and pay royalties to a few California authors seems to us a very narrow and selfish view.

4. State printed secondary texts either inferior, or expensive

Cheap (not inexpensive) texts are a poor investment and tend to lower the student's valuation of the book.

In the higher courses of the modern language work and in the four years of English so wide a reading is required that an adequate supply of texts is practically beyond the ability of the State Printing Office. A reduction of the number of these reading texts to the possible output of a state press would seriously limit the efficiency of these departments.

5. Uniform junior college texts

One of the avowed purposes of the junior college is to give the students who are unable to go at once to a four-year college two years' additional instruction of a grade equal to that in the freshman and sophomore classes in the State University, but particularly adapted to local needs. It is obvious (a) that a uniform system of texts would effectively prevent any consideration of local needs and (b) junior colleges certainly could not keep up to university standards if obliged to continue for a term of years the use of texts replaced in the universities and four-year colleges as frequently as once a year by more recent texts which bring the subject down to date.

6. Elementary schools different from high schools

Uniform free textbooks for elementary schools are not open to the same objections as are uniform textbooks for high schools.

Lower grade schools are chiefly engaged in teaching the rudiments. While here the methods may differ somewhat, the content does not change materially from year to year; and the needs of all communities are quite similar, since there is little effort at specialization thus early.

There is not the need of frequent change in texts to keep up with the advance of the subject as there is in many high school subjects.

The kinds of texts are few, simple, and inexpensive, and are required in large numbers.

Elementary school texts are of little value to pupils after graduation.

For the above reasons, in the interest of the thousands of high school pupils in the state, we ask that you oppose the passage of the legislation mentioned and any other tending to hamper the progress of our secondary school system or to prevent special localities from working out their own problems.

We are also unanimously opposed to Senate Bill No. 531, providing that high school courses shall be approved by the State Board of Education.

It seems to us entirely obvious that no central body can possibly be qualified to pass on the needs of separate and as widely differing communities as there are in this large and cosmopolitan state.

In the belief of many actively engaged in the actual business of teaching, whose first aim is the making of efficient men and women and good citizens, Senate Bill No. 531 contains provisions which cannot fail seriously to hinder the advance of our secondary schools.

We ask that you make careful inquiry among educators as to the injury likely to result to the grade of work done in secondary schools and to the thousands of pupils in them before giving this bill your support.

Very respectfully submitted,

W H SNYDER and others

RECORDING SECRETARY OF CABILLO
PARIOR No 114 N S G W

By Mr. Harris :

BOARD OF SUPERVISORS OF THE COUNTY OF KERN, STATE OF CALIFORNIA.
Monday, March 1, 1915

Resolution offered by Mr Brite, seconded by Mr Bennett.

In it proposed laws changing the supervision and control of the construction and maintenance of county highways

WHEREAS, There have been introduced in the present session of the Legislature of the State of California, certain bills, the purpose and substance of which is to take the supervision and control of the construction and maintenance of county highways out of the hands of the respective boards of supervisors of the various counties in the State, and place the same in the hands of highway engineers, to be appointed by the State Department of Engineering; and

WHEREAS, It appears to this Board of Supervisors that all said bills having said object in view, are objectional for the following reasons, to wit:

First. Because each member of the various boards of supervisors is better acquainted with the needs of his particular district, and better qualified to judge of the necessities for highway building and repair therein than a non-resident engineer could possibly be.

Second. Because it would take many years for a non-resident engineer to acquaint himself by experience with the problems and need of road construction in the various districts of the county so that he could meet the same with knowledge equal to that already possessed by the supervisors

Third. Because the employment of such engineers and their assistants would impose upon the counties a burden of overhead expense in the matter of highway construction and repair, without compensating advantages for such overhead expense

Fourth. Because the supervisors are charged with the duty of managing the funds of the county and controlling the expenditures thereof, and should therefore, remain in control of the road work for which all road funds are expended

Fifth. Because the system proposed by the said bills would encumber the process of road construction and repair with needless complication, red tape and office procedure, none of which would be of any benefit in improving the quality of the roads.

Sixth. Because the system proposed in the said bills tends directly to the centralization of government by the appointed officials, and is in direct opposition to the well established principles of local self government which have always been favored in this county

Seventh. Because the people who are served by the public highways and pay the expense of maintaining and constructing the same, are satisfied to continue the supervision of construction and repair of said roads in the hands of the Board of Supervisors under the present system; now, therefore it is

Resolved, That this Board of Supervisors opposes and disapproves any change in the law relating to the supervision and control of the public roads and highways, or the appointment of a highway engineer for each county in the State, or the removal of the supervision and control of the public highways from the hands of the boards of supervisors in the several counties, and be it further

Resolved, That the representatives of Kern County in the Senate and Assembly of the State of California are hereby requested to work against the passage of any of the bills hereinbefore referred to.

This resolution is passed and adopted by the Board of Supervisors of the county of Kern, State of California, this 1st day of March, 1915, by the following vote

RESOLUTION BY BOARD OF SUPERVISORS OF YOLO COUNTY AGAINST LEGISLATIVE ACTION
IN MATTERS AFFECTING THE SUTTER BASIN CONTROVERSY

To the Honorable, the Legislature of the State of California

WHEREAS, The taxpayers and property owners of the county of Sutter are engaged in a contest with certain interests, who through the medium of Reclamation District 1500 are endeavoring to reclaim a large acreage of swamp and overflowed lands to the detriment and irreparable injury of valuable and improved lands not subject to overflow, and are seeking to throw the burden of this reclamation upon lands damaged thereby; and

WHEREAS, The county of Sutter has by legal proceedings enjoined the further northward construction of these works of reclamation and the further northward construction of the levee of the East Bypass, and

WHEREAS, There have been introduced into the Legislature certain bills, among which are the following: Senate Bill No. 631 and Assembly Bill No. 759, Senate Bill No. 634 and Assembly Bill No. 831, Senate Bill No. 661 and Assembly Bill No. 764, Senate Bill No. 662 and Assembly Bill No. 765, Senate Bill No. 660 and Assembly Bill No. 766, that will, if they become laws, hamper the county of Sutter in its fight for its preservation and protection, and serve to work for the triumph of the interests opposed to the welfare of the county of Sutter, now, therefore be it

Resolved, That we, the Board of Supervisors of the county of Yolo, do earnestly request and implore you, the Legislature of the State of California, that you do not pass any of the above mentioned bills or any measures that may affect or apply to the reclamation situation in the county of Sutter, but that you leave the contest and the law-suits arising therefrom to be settled under the law as it stands and as it stood when the property rights involved were acquired; and this board earnestly requests that our Senator, W. E. Duncan, Jr., and Assemblyman L. N. Tabler use their utmost endeavors in opposing the passage of said bills

SAN FRANCISCO, March 22, 1915.

Hon. L. B. Mallory, Chief Clerk of Assembly Sacramento, California

DEAR SIR The undersigned is an organization of milk producers, of approximately one hundred members, who are shipping approximately eighteen thousand gallons of milk per day. Our producers are located and sell their produce in the counties of San Mateo, Santa Clara, Alameda, Contra Costa, Solano, Sonoma, Marin, and San Francisco.

After reviewing the various bills affecting the dairy regulations of this State, a resolution of our association was duly and unanimously passed condemning all proposed bills, except Senate Bills Nos. 651 and 960, each containing practically the same points.

To attempt to particularize the vice of each proposed bill would require an amount of space and a consumption of your valuable time that we feel would constitute an imposition upon you. Suffice it to say that with the exception of these two bills, all others are impracticable and would injuriously affect one of our State's rapidly growing and most important industries, without really producing any benefit whatsoever.

We also have an unusually large number of laws regulating the dairy business. These have been digested and are fairly well understood and complied with and thoroughly cover the ground. More laws will simply create chaos and confusion. This conclusion is not original. Previous to the meeting of the Legislature, a two-day conference of all interests in any way connected with the dairy industry was held at the Agricultural Hall of the University of California. In addition to the presence of various practical dairymen, there were present and participating therein representatives of the State Dairy Bureau, the State Veterinary, various boards of health, various clubs such as the San Francisco Center, the Civic League, etc. Dean Hunt of the agricultural department of the University of California acted as chairman. The conclusion was there reached that our present dairy laws thoroughly covered the ground and afforded complete protection to the public as well as reasonable regulation for the producer, and that to enact further laws for the present would be extremely inadvisable.

On behalf of each member of our organization, we, therefore, take the liberty of requesting your influence in the condemnation of these proposed measures.

Thanking you in advance, we remain

Very truly yours,

BAY COUNTIES DAIRY COMPANY.

L. B. Mallorn, Chief Clerk of the Assembly, Sacramento, California:

DEAR SIR I wish to add my personal word to the unanimous protest which our faculty has recently made to the Legislature of California against the proposed House bill providing for a uniform system of free textbooks for secondary schools.

As a boy, in Massachusetts, I was brought up on free textbooks. As a teacher, in Baltimore, Maryland, I had the experience of uniform free textbooks. As a parent and as a teacher in California, I have a double interest in the public schools of this State. From all these points of view I unreservedly condemn the system of uniform free texts for our secondary schools.

In addition to the many points brought out in the letter sent to you by our faculty, I would call attention at this time especially to two objections which apply to the "free" feature in the bill.

First. Pupils of high school age should feel an ownership in the books they are studying, should have the opportunity to annotate them when necessary, and should desire to keep some or all of their texts as the beginning of their personal shelf or shelves of books. When high school books are free, few pupils (and few parents) are wise enough to recognize this element in real education and to buy books while others are receiving the use of texts free at the hands of the State.

Second. There is no way under the law to force the pupils to treat free books properly—a fact of which the pupil is sure to be aware by the time he reaches the secondary school. The result is, that in very many pupils the system helps to increase whatever natural disregard for "property" already exists. This is very bad for the pupil—and for the State.

Respectfully submitted,

CARLETON A. WHEELER.

By Mr Benton:

HEWITT STREET SCHOOL.

LOS ANGELES, CALIFORNIA, March 15, 1915.

Hon Richmond P. Benton, Assemblyman, Sixth District, Sacramento, California:

DEAR SIR As teachers in a typical city "neighborhood school," we are deeply interested in Senate Bill No. 427, by which it is hoped to bridge the recognized gap between the school and the home, through the creation of the home teacher.

The lack of effective articulation of school and home constitutes a problem as difficult as it is vital. This lack exists in the most favored communities, and where, as with us, the foreign element preponderates, the difficulty is greatly accentuated.

We have been permitted a first-hand acquaintance with the question, as much volunteer work, covering to a considerable extent the ground outlined by the bill, has been carried on by this school. The experience thus secured has convinced us, as could no academic discussion of the subject, that a real need exists for the home teacher, and that the benefits which the proposed law would confer are out of all proportion to the financial expenditure involved.

In fact, it appears to us that the unit employed in calculating the number of teachers for the work might well be considerably smaller, inasmuch as the larger unit will exclude from the benefits of the Act communities in which the home teacher is peculiarly needed, but, which do not furnish the required five hundred units of average daily attendance to the schools.

Whatever decision may be reached in matters of detail, however, we shall greatly appreciate your cordial support of the principle of the bill.

Thanking you and your colleagues for your assistance to this end, we are

Very respectfully yours,

FLORA D. SMITH, Principal.

EXPLANATION OF VOTE

Mr. Speaker asked for, and was granted, unanimous consent to have the following explanation of his vote on Assembly Bill No. 816 printed in the Journal:

sentiment of the Legislature on this subject, and I believe that such a purpose can be far more effectively attained by a concurrent resolution than by a law which, by its very provisions, must be a dead letter"

The determination of the board of supervisors to proceed with such hearing, whether evidenced by an express declaration or by its proceedings to make other determinations at such hearing shall be presumptive evidence, at the least, of the existence of all the facts upon which the power of the board to proceed depends, except such as are required to appear of the record in the proceeding, and except, also, in so far as such presumption is rebutted by the record in the proceeding.

Owners of land within the meaning of this section are those and those only, who appear to be such upon the records in the recorder's office of the county in which the district is situated, on the day before the day for said hearing, and an executor or administrator shall be deemed representative of his decedent, and a trustee of an express trust in land other than as security for the payment of

At the conclusion of the hearing the determinations of the board shall be made in writing to be filed and entered upon the minutes of the board.

The hearing may be continued from time to time by the board of supervisors by an order to be entered in the minutes of the board.

Sec 5 Section 6 of said Act is hereby amended to read as follows:

Sec 6 The board of supervisors shall in conclusion of the aforementioned hearing, and as a sufficient determination of all questions arising thereat, by resolution or resolutions to be entered upon its minutes, declare its finding determining the boundaries of the district, and the elevations thereon. If no changes be made in the boundaries of the district as the same are set forth in the resolution of intention, it shall be sufficient to state that the boundaries of the district are those set forth in the resolution of intention, but if any change of such boundaries is made, the boundaries of the district, as finally determined, shall be fully set forth.

If no change be made as to the elevations or courses as set forth in the specifications on file, it shall be sufficient to state that the elevations or courses of the same, as finally determined, are those set forth in such specifications. In either case, the boundaries of the district so determined shall be the boundaries of the district for all purposes of the proceeding and until any bonds to be issued for the cost of the work shall have been fully paid and discharged, and the elevation so determined shall be the elevations of the district for all the purposes of the proceeding, *provided, however*, that the boundaries of the district, as the same are set forth in the resolution of intention, shall not be so changed as to include within the district any territory not within its boundaries as set forth in that resolution, nor so that the place or locality of any work described in such resolution of intention shall be excluded from the boundaries of the district as so finally determined.

In like manner, the board of supervisors may order the work to be done, and if it so do, shall fix a time for receiving proposals or bids for doing the work and direct the clerk to give notice accordingly, inviting sealed proposals or bids. Such notice shall include a statement that the work is to be done under the provisions of the Drainage District Improvement Act of 1903, and according to the specifications on file therefor, except in so far as the elevations specified therein shall have been fixed otherwise by the board of supervisors in conclusion of the hearing in said Act provided, to which said Act, to the resolution of intention and all proceedings had thereunder the attention of bidders is hereby directed, and by this reference made part of this notice.

By Mr. Mouser:

RESOLUTION

"WHEREAS, On the 18th day of January, in the year of our Lord, 1915, there was introduced in the Legislature of the State of California by the Hon. Fred C. Scott, Assembly Bill No. 299, the same being "An Act to establish the Allensworth Polytechnic Institute in the county of Tulare, and making an appropriation therefor," and now under consideration by that honorable body, therefore, be it

Resolved, That the National Association for the Advancement of Colored People, Los Angeles branch, opposes and expresses its disapproval of such appropriation for such purposes as being without popular demand or public necessity, not calculated to meet any local need and being impracticable for general use by children throughout the State, untimely, wasteful and establishing a pernicious precedent."

The above resolution was duly passed by the Board of Directors of the National Association for the Advancement of Colored People, Los Angeles branch, in regular session held on the 25th day of February, in the year of our Lord, 1915.

Attest

E. BURTON CERUTI, Secretary.

LOS ANGELES, CAL., March 13, 1915

Hon. Frank H. Mouser, Assemblyman Seventy-fourth District, Forty-first Session California Legislature, Sacramento, California.

HONORABLE SIR: In behalf of the Negro Ministerial Alliance of Southern California, the Dunbar Literary Society of Los Angeles, Wesley Chapel Literary Society of Los Angeles, Fred Douglas Literary Society of Los Angeles, Philip Chapel Literary Society of Los Angeles, The Forum of Los Angeles County, the Negro Business League of Southern California, which organizations comprise a total membership of over 2,000, the following committee, consisting of C. H. Woods, P. M. Hickman and J. H. Stevens, which committee has been duly organized to speak for the above mentioned organizations, does hereby in behalf of said above-mentioned organizations and in behalf of the colored citizens, constituents of your district and in behalf of the colored citizens of the city of Los Angeles, and the county of Los Angeles at large and in the further behalf of the colored citizens of the State of California, do hereby most respectfully request that you use your powers as Assemblyman in the seventy-fourth district in the present state Legislature to defeat Assembly Bill No. 299 introduced in the Assembly by Assemblyman F. C. Scott of Tulare County. This bill asks for an appropriation of \$50,000.00 for a polytechnic institute at Allensworth, Tulare County.

While on its face this bill is a harmless measure and on its face it is designed to create a polytechnic institute for all the youth of the State of California, as a matter of fact the promoters of this scheme, who, by the way, are in no small measure interested in the development of Allensworth, California, a negro colonization scheme founded some years ago in Tulare County, find excuse for the measure in their private arguments in the statement that California should provide a suitable place of education for her colored youth.

It is a matter of record and a further matter of great notoriety that California has already very amply provided for the education of its youth of all colors and races not only through town, city and county school systems, but through a very splendid and standard system of state educational institutions. It is now possible for the youth of Tulare County, whether they be white or colored, male or female, to secure an education along practically any line that is afforded in other states of the Union. The youth of Tulare County are geographically as near the several state educational centers as are the youth of the average county of our State.

To expend \$50,000.00 in the establishment and maintenance of a school for two years would not permit of anything very thorough or complete along educational lines. A good, substantial school building would cost pretty nearly that sum. In other words, if the State undertakes to establish a polytechnic institute at Allensworth, to do the job and anything near the usual thoroughness of our State educational efforts would require three or four times the appropriation asked for in the bill in question. We are not at all satisfied that the sponsors of this bill are not as well aware of the fact that the amount sought by way of appropriation is inadequate for a first-class institute as the writers are. The State has no money to waste and while it is the duty of the State to meet all the reasonable educational needs of the several sections of the State, it is not the duty of the State to put a state institute in every town or county that may request the same.

We have been given to understand that the sponsors of this bill in question have been proclaiming that they have the unanimous support of the colored people for their mission. Such is by no means the truth. On the contrary, the great majority of the colored people, excluding those who have hopes of securing a position or a job by reason of the passage of the measure in question, are opposed to the scheme, and we do very much desire that you will use your powers to the utmost in defeating this bill.

With warmest congratulations for your activities in the Legislature in behalf of your constituency and in behalf of Southern California, and in behalf of the State at large, and trusting that you will meet with quick success in your efforts to defeat this unnecessary and uncalled-for school measure, we remain,

Very respectfully yours

C. H. WOODS
P. M. HICKMAN
J. H. STEVENS

SAN DIEGO, CALIFORNIA, March 23, 1915

To the Honorable Grant Conard, Representative from the Seventy-ninth Assembly District of California:

DEAR MR. CONARD: That whereas the old historic pioneer roads, comprising the National or Cumberland Road, Boone's Lick Road, Santa Fe Trail, Kearney's Road, and starting from Jamestown, Virginia, and following these old trails across the country, came to San Diego, and thence up the coast to San Francisco; and

unclusly indorsed the building of the road, following the old Kearney Trail from Phoenix, Arizona, via Yuma to San Diego, and thence to San Francisco by way of Los Angeles; therefore, be it

Resolved, That the San Diego Chapter of the Daughters of the American Revolution, of San Diego, California, most earnestly urge you to use your influence in securing the favorable passage of the bill through the State Assembly, giving direct highway communication between Yuma and the southern part of our county, and against any bill which does not follow in general, the pioneer trail from Yuma to San Diego.

We, therefore, most earnestly urge your support in this matter.

MRS. CARY S. ALVERSON.

Member National Committee, Ocean to Ocean Highway, Old Trails Road and Chairman of Old Trails Road Committee, San Diego Chapter, Daughters of the American Revolution.

By Mr. Tabler:

RESOLUTIONS ADOPTED BY THE GRAND JURY OF THE COUNTY OF SUTTER, IN REGARD TO THE SUTTER BASIN CONTROVERSY

To the Governor and the Legislature of the State of California:

WHEREAS, The county of Sutter and certain private landowners therein are now engaged in most important litigation with Reclamation District No. 1500 in which enormous property rights and private property of great value are involved, and upon the result of which the security of one of the richest fruit belts of the State depends, and

WHEREAS, This litigation is the result of the attempt of outside capitalists to reclaim a natural overflow and tule basin to the damage and at the expense of those who will not be benefited but largely damaged thereby, and

WHEREAS, Reclamation District No. 1500, commonly known as the Armour-Gerber interests, is seeking to do this in violation of the fundamental law of the State of California and to accomplish their design are seeking legislative action at the present session of the Legislature in order to overthrow this law and change the same to suit their purpose; now, therefore, be it

Resolved, That we, the grand jury of the county of Sutter, in regular meeting assembled, this 24th of March, 1915, do hereby declare

First—That neither we nor the people of the county of Sutter are opposed to a general plan of flood control and that we believe in the reclamation of the swamp and overflow lands of this State

Second—That we believe that any plan of flood control or reclamation should have due regard to the rights of others and the protection and security of established communities; that reclamation at the expense and danger of lands now secure from flood or drainage waters is detrimental and not beneficial to the State as a whole.

Third—That reclamation of overflow lands should be carried on along lines in the least possible discord and opposition to the established law of this State and which cause the least possible damage to lands which are at present highly improved and cultivated

Fourth—That the law of the State of California should not be changed when the proposed changes therein will favor, aid and materially assist a few large land speculators at the expense and to the damage of the resident citizens and taxpayers of a whole county.

Fifth—That the following measures affect the litigation above referred to and are unfair to the county of Sutter:

Senate Bill No. 631 and Assembly Bill No. 759

Senate Bill No. 634 and Assembly Bill No. 831.

Senate Bill No. 660 and Assembly Bill No. 766.

Senate Bill No. 661 and Assembly Bill No. 764

Senate Bill No 662 and Assembly Bill No. 765

Senate Bill No 722 and Assembly Bill No 793

Senate Bill No 910 and Assembly Bill No 1151.

Senate Constitutional Amendment No. 34 and Assembly Constitutional Amendment No. 30.

North—That we have relied upon the law of the State of California for our protection and that it is unfair to do away with that protection at the time when we are most in need thereof.

We, therefore, petition you, the Governor and the Legislature of the State of California, that you do not pass the above mentioned measures or any measures that will injuriously affect the rights of the county of Sutter or which may apply to litigation in which this county is now involved, and that you do not alter the reclamation law of this State when such alteration would aid a few men to inflict a great damage and injury upon the people of a whole county, and we hereby instruct Louis Tarke, the foreman of this grand jury to send certified copies of this resolution to the Governor and the Legislature of the State of California, and to certify to the correctness of said copies.

STATE OF CALIFORNIA,) ss
County of Sutter,)

Louis Tarke, being first duly sworn, deposes and says: I hereby certify that the above and foregoing is a full, true and correct copy of the resolution adopted by the grand jury of the county of Sutter on the 24th day of March, 1915.

In witness whereof, I have hereunto set my hand as foreman of said grand jury this 24th day of March, 1915.

LOUIS TARKE,

Foreman of the Grand Jury of the County of Sutter, State of California

Subscribed and sworn to before me this 24th day of March, 1915.

WHEREAS, The city of Marysville derives much of its trade from that portion of Sutter County lying west and south of Yuba City, which section is highly improved, and thickly inhabited, and is now threatened with inundation and destruction if the by-pass through Sutter County is constructed along the lines now proposed; and

WHEREAS, The said county of Sutter and the landowners in said section of Sutter County so menaced, are now engaged in litigation with Reclamation District No. 1500, commonly known as the Armour-Gerber project, to prevent this destruction of county and private property, and certain bills, to wit: Senate Bill No 631 and Assembly Bill No 759, Senate Bill No 634 and Assembly Bill No. 831; Senate Bill No 660 and Assembly Bill No. 766, Senate Bill No 661 and Assembly Bill No 764; Senate Bill No 662 and Assembly Bill No 765; Senate Bill No 722 and Assembly Bill No 793; Senate Bill No 910 and Assembly Bill No 1151, Senate Constitutional Amendment No. 34 and Assembly Constitutional Amendment No. 30, have been introduced into the Legislature of the State of California, which, if enacted into laws, are intended to aid said Armour-Gerber project in the accomplishment of this wrong, and

WHEREAS, The prosperity of Yuba County and the city of Marysville is menaced if said section of Sutter County is ruined, thereby seriously affecting the prosperity of the allied laborers of said city of Marysville, and

WHEREAS, The heart of all labor unions is ever ready to respond to the cry of the oppressed and to assist in preventing an injustice; therefore, be it

Resolved by the Marysville Labor Council, That we endorse the position of Sutter County and its landowners in said litigation and we hereby ask all friends of labor in the Legislature and the Governor of this State to support Sutter County and to defeat said proposed measures

Adopted in regular session March 19 1915

By Mr. Gebhart.

To the Honorable Senate and Assembly of California:

GENTLEMEN: Whereas, the poultry business of the State, one of our largest farming interests—embracing \$100,000,000 of capital with an annual output of \$1,000,000—is gravely threatened at this time by the high price of feed forced upon us by a foreign war, and more seriously threatened by the active competition of an inferior and unsanitary Asiatic product; and

WHEREAS, We believe the latter evil may be abated, if not remedied, by judicious State legislation, and we respectfully ask that you at once enact the Knox bond bill, or other suitable law for our protection, with adequate provision for its enforcement.

By Mr. Conard

SAN DIEGO, CALIFORNIA, March 27, 1915.

Hon. Grant Conard, State Legislature, Sacramento, California

DEAR SIR: The undersigned business houses in San Diego engaged in selling merchandise of all descriptions, furniture, carpets, pianos and musical instruments, automobiles and auto trucks; safes, cash registers, sewing machines, typewriters, vehicles and implements, etc., on credit and conditional sales, using time contracts and leases in such transactions, respectfully represent to you that this mode of doing business has become so established that from 50 to 90 per cent of our entire sales are made in that way.

To render void or encumber the validity of time contracts and leases, as proposed in the several bills now before the State Legislature, would mean a death blow to a long established custom of legitimate business and also work extreme hardship on those who are compelled to buy on the installment plan, or do without things which, in many instances, are necessary to their homes and personal convenience.

We therefore hereby register with you our emphatic protest against the passage of Assembly Bills 207, 910 and 1027, also Senate Bills 882 and 1178, and strongly urge and request you to do all in your power to secure the defeat of all of them.

I now beg to enclose two copies of this statement, which I think will be of great value in convincing the members of the Legislature of the high and important purposes that we have in view. You will, of course, use these papers as you deem best.

It includes an outline of the installation which, as you know consists entirely of material that has been secured for permanent use in this building. On the whole, it provides such a museum of ancient America as can probably be seen in very few places, if at all. I enclose extra copies for the use of other members of the California Commission.

With sincere regards, I am,

Very cordially yours,

The California Quadrangle comprises the buildings surrounding the Plaza de California, a paved square which is entered from the west by way of the Ocean Gate and from the east by way of the Prado Gate. In its architecture it furnished the keynote of the exposition. The architect was Mr. Bertram G. Goodhue of New York, and it was constructed under the personal supervision of Mr. Carleton M. Winslow of San Diego. It comprises on the north side the California State Building; on the south side, the Fine Arts Building.

CALIFORNIA BUILDING

The first function of the California Building is social. It is the host building. On the ground floor, west wing, are the rooms of the president and official host of the exposition, Mr. G. Aubrey Davidson. In the east wing is the parlor of the California State Commission. In the upper gallery of the west wing, and occupying the entire west side of the quadrangle, are the woman's headquarters. These are the rooms of the official Woman's Board of the Exposition, Mrs. I. N. Lawson, president, and are open to all visitors, both men and women.

As a place for exhibits, it did not seem appropriate that the California Quadrangle should be devoted to transitory uses, such as displays of State resources, so well shown in the various buildings of the California counties. It afforded an opportunity for perpetual benefit to the public. Its architecture, representing our rich inheritance from the past, particularly old Spain, suggested the idea of showing something of what Europeans saw when they first looked upon the new world.

It seemed especially fitting that the California Building should enshrine the memorials of a race that ran its course in America before the continent was seen by Europeans. The native American civilization so impressed the Spanish conquerors when they first saw the shores of Mexico and Central America, that they carried back to the old world glowing accounts of rich empires, opulent cities and powerful monarchs. We now know that they made many mistakes in the interpretation of what they saw. Yet, as the science of archaeology brings to light the remains of the ancient American world, we must admit that the enthusiasm of the Spaniards was not without justification. The brilliancy of the new race suggested another Orient. The ruins of Central American cities seemed to entomb another Egypt.

In the absorption of building a great English speaking nation, we have lost sight of the part played by Spain in American history, still further have we lost sight of the great works of the native American race, which we know in its decadence. The object of the exhibits in the California Building is to present a picture of the golden age of that race—a page of human history that is as worthy of study as are its great contemporaries of the old world.

For the first time in the history of an exposition a great building is devoted to ancient America. Here are to be seen the most important works of the ancient peoples of Central America, a civilization which reached its zenith and went down before it became known to white men. The picture of this ancient culture is presented in fac-simile reproductions of their remarkable bas-relief sculptures, hieroglyphic inscriptions and majestic monuments; in models of their temples and palaces; paintings of their "Temple Cities", sculptures depicting their activities, and objects of art excavated from their ruins. Never before have the noble works of the Mayas been given such a setting, and never before have they been presented in such perfection. With the aid of the following catalogue one may readily identify every object in the building:

The entrance to the woman's headquarters is at the head of the stairway in the southwest corner balcony. All Exposition visitors are welcome and none should fail to visit these rooms. They consist of the hostess' gallery, the bridge, the corridor, the blue tea room and the roof balcony. They constitute the social center of the exposition, and in appointment, in purpose and in spirit reflect the inner life of the exposition, which it is hoped all will discover and enjoy. The paintings in the woman's headquarters are the work of the late Donald Beauregard, and are loaned by Mr. Frank Springer of New Mexico. The Woman's Board maintains a women's rest room on the chapel floor of the Fine Arts Building and a babies' room on the south balcony of the Science and Education Building.

In the east wing, upper floor, is an exhibition of the Curtis Indian pictures. This is a great display of photographic art, picturing and describing the Indians of the United States, the Dominion of Canada and Alaska, a work in which Mr. Edward S. Curtis, with a corps of assistants, has been engaged for several years.

LONG BEACH, CALIFORNIA, March 19, 1915.

Hon. Joseph Rominger, Sacramento, California.

MY DEAR SIR: Knowing your deep interest in educational matters, we feel sure you have given some thought to the financial condition of the schools of California since the repeal of the poll tax. We ask you to use your influence to have the deficiency in the state school fund thus occasioned made up by the State and not leave it to local authorities by an increase in local taxes. Many counties and school districts will not increase local taxes and our state school system will suffer. Especially will the rural schools be impaired by the loss of money and thus poorly equipped schools with short terms will be the result.

Believing it is imperative that the state school fund should be maintained in its present amount, we earnestly ask you to co-operate with other legislators, and to use all your influence to the end that the deficiency which the schools are facing, be made up by an appropriation by the State.

Respectfully yours,

CLAS A WISE, and 13 others

COMMUNICATION

The following communication was filed and ordered printed in the Journal:

SAN FRANCISCO, CALIFORNIA, March 26, 1915

To the Honorable the Assembly of the State of California, Sacramento, California.

GENTLEMEN: We desire to acknowledge receipt of a copy of resolution adopted by your honorable body on March 23, 1915, asking this commission "for such consideration and recommendation as the Railroad Commission may deem proper" with reference to the following measures now pending before your honorable body:

Assembly Bill No. 503

Assembly Bill No. 448

Assembly Bill No. 570

Assembly Bill No. 1351

Assembly Bill No. 1447

Assembly Constitutional Amendment No. 37

We shall discuss these measures in order

1. **ASSEMBLY BILL No. 503** This is the proposed new Public Utilities Act. The principal change from the existing Act is to carry out the provisions of section 23 of article XII of the Constitution of this State, as amended on November 3, 1914, providing that the Legislature may confer upon the Railroad Commission power to regulate the rates of public utilities within incorporated cities as well as in unincorporated territory. The bill also contains certain minor changes which the experience of the Railroad Commission has shown to be wise.

2. **ASSEMBLY BILL No. 448** This bill provides in section 1 that it shall be unlawful for any person, firm or corporation, owning or operating any electric light and power plant or system, or telephone or telegraph plant or system, or electric street cars, to cause, require or permit any agent, servant or employee to clear trouble on any pole line construction, or tower, without being accompanied by an assistant who is qualified to climb such pole or tower, and give the necessary assistance in case of accident. Section 2 makes it unlawful for any such agent, servant or employee to work on any pole or tower, or tower wagon or in any man-hole unless he has had three years' experience at such employment and is accompanied by a workman or unless he is accompanied by workman who has had three years' experience at such employment.

The purpose of the bill is apparently to promote the safety of public employees working in specified places where they may come in contact with electric current or in manholes.

The subject-matter of this bill is fully covered by section 42 of the Public Utilities Act, which provides in part that the Railroad Commission "may require every public utility to construct, maintain and operate its line, plant, system, equipment, apparatus, tracks and premises in such manner as to promote and safeguard the health and safety of its employees, passengers, customers and the public."

The Railroad Commission has power, under this section, to compel public utilities to adopt such measures as may be necessary to safeguard the health and safety of their employees and is proceeding in the exercise of this power whenever complaint is made to it.

3. **ASSEMBLY BILL No. 570** This bill provides that no gas or electric corporation shall, before supplying gas or electricity, require from any applicant a deposit in excess of two dollars, *provided*, that a freeholder or owner of the building or premises to be supplied shall not be required to make any deposit. The bill further provides that in no case shall any charge be made for the installation of the necessary connections, pipes, conduits, appliances or meters to supply gas or electricity.

This bill by inference permits gas and electric companies to charge a \$2.00 deposit in all cases other than those contained in the proviso. While there has been considerable abuse on the part of gas and electric companies in compelling consumers to pay for extensions or connections, an absolute declaration that in no case may such charge be made seems to us to be entirely too sweeping.

Jurisdiction over this entire matter except in certain incorporated cities which have retained their powers over public utilities, now vests in the Railroad Commission. Section 35 of the Public Utilities Act gives the commission power to determine and establish just and reasonable rules, regulations, practices, equipment, appliances, service and methods to be observed by each public utility. Section 36 of the Act confers similar power with reference to extensions by public utilities.

The Railroad Commission on its own motion has instituted an investigation, known as Formal Case No. 653, into the practices of utilities with reference to charges for deposits, service connections and extensions of public utilities and notice has been served upon each electric, gas, telephone and water company in the State. Hearings have been held and the Commission, as soon as it has completed its study, expects to establish uniform, state-wide rules and regulations covering all these questions.

4. **ASSEMBLY BILL No. 1351** This bill provides that no rail carrier may permit any car or train of cars to depart from any terminal unless the carrying and seating capacity of the car or train of cars is at least ten per cent greater than the number of persons applying at said terminal for passage on said car or train of cars. Provision is made for refund to a passenger of that portion of his fare which is represented by the ratio which the distance during which he may have stood bears to the entire distance he was transported. The subject-matter of this bill is covered by section 37 of the Public Utilities Act, which provides in part that

Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that any railroad corporation or street railroad corporation does not run a sufficient number of trains or cars, or possess or operate sufficient motive power, reasonably to accommodate the traffic, passenger or freight, transported by or offered for transportation to it * * * the commission shall have power to make an order directing any such railroad corporation or street railroad corporation to increase the number of its trains or of its cars or of its motive power * * * or to make any other order that the commission may determine to be reasonably necessary to accommodate and transport the traffic, passenger or freight, transported or offered for transportation.

Whenever the commission's attention is drawn to any failure of duty on the part of a carrier in these regards, the commission uniformly takes prompt action in the matter.

5 **ASSEMBLY BILL No. 1447:** This bill provides that every street railroad in any municipality in this State shall provide on all passenger cars steps the height of the lowest of which shall not be more than nine inches above the roadbed of the railroad.

This matter is covered by section 35 of the Public Utilities Act providing in part that the Railroad Commission shall have power to compel each public utility to provide just, reasonable, safe and adequate equipment. If there is any municipality in which the Railroad Commission does not have jurisdiction in this respect, the jurisdiction vests in the local authorities under the police power.

6 **ASSEMBLY CONSTITUTIONAL AMENDMENT No. 37:** This amendment provides that the Railroad Commission shall have jurisdiction over all publicly owned and operated utilities. The commission's jurisdiction is at present limited to such utilities as are privately owned and operated except in so far as municipally owned utilities operate outside the municipal limits.

If this constitutional amendment is adopted, this commission would secure jurisdiction over the Geary Street Railroad in San Francisco, each municipally owned and operated water utility is so far as affects transactions within the limits of the municipality and each other publicly owned and operated utility in the State.

Whether the jurisdiction of this commission should be so extended is a question of policy which we believe it is the province of the Legislature to answer in the first instance.

We hope that the information herein contained may be of service to your honorable body in the performance of its arduous labors.

Respectfully submitted,

RAILROAD COMMISSION OF CALIFORNIA.

MAX THELEN,
H. D. LOVELAND
ALIX GORDON,
EDWIN O. EDGERTON,
FRANK R. DEVLIN,

WHEREAS, The act of congress approved June 17, 1902, entitled "An Act appropriating the receipts from the sale and disposal of public lands in certain states and territories to the construction of irrigation works for the reclamation of arid lands," provided that the money received from the sale of public lands in sixteen western states, including the State of California, could be used for the construction and maintenance of irrigation works for the storage, division and development of waters for the reclamation of arid and semi-arid lands in said states and territories by the secretary of the interior; and

Section 11. On or before the third Monday in September of each year, the supervisors shall levy the amount of taxes for city and county purposes required to be levied upon all property not exempt from taxation. The amount should be sufficient to provide for the payment during the fiscal year of all demands upon the treasury authorized to be paid out of the same; but such levy, exclusive of the state taxes and the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the city and county, and exclusive of the tax to pay for the maintenance and improvement of the parks, squares and public grounds of the city and county shall not exceed the rate of one dollar on each one hundred dollars valuation of the property assessed. The supervisors in making the levy shall apportion the taxes to the several funds

Section 13. The limitation in section 11 of this chapter upon the rate of taxes shall not apply in the case of any great necessity or emergency. In such case the limitation may be temporarily suspended and the rate of taxes be increased so as to enable the supervisors to provide for such necessity or emergency. No increase shall be made to provide for such necessity or emergency in the rate of taxes authorized to be levied under section 11 of this chapter, unless such increase be authorized by ordinance passed by the unanimous vote of the supervisors and approved by the mayor. The character of such necessity or emergency shall be recited in the ordinance authorizing such action, and be entered in the journal of the board.

Nor shall the limitation in section 11 of this chapter upon the rate of taxes apply in the case of taxes levied by ordinance passed by at least fifteen supervisors and approved by the mayor for any of the following purposes, to wit: To meet the cost of elections; to pay any demands, salaries, expenses or other obligations imposed upon the city and county of San Francisco by a legislative or constitutional enactment of the State of California or of the United States; to meet any increase in demands, salaries, expenses or other obligations imposed upon the city and county of San Francisco by any measure hereafter passed by direct vote of the people of the city and county of San Francisco, to meet the expense or cost of schools or of the school department, to meet the cost of construction and repair of streets, sewers or of buildings for the police, fire, health or school departments or detention home; to meet the cost of maintaining public libraries and of purchasing books therefor.

after passed by direct vote of the people of the city and county of San Francisco or to meet the cost of maintaining public libraries and the purchase of books therefor. Nothing in this section shall authorize the incurring of liabilities against the treasury not allowed by law, or which can not be paid out of the income and revenue provided, collected and paid into the proper fund as its proportion of the same for such fiscal year, or permit liabilities or indebtedness incurred in any one fiscal year to be a charge upon or paid out of the income or revenue of any other fiscal year.

In no case shall such property be sold or disposed of until the necessity for the use thereof as evidence has ceased. The proceeds of property taken from insane persons shall not become part of such fund until after the expiration of three years from the time the same is paid into the treasury, but the commissioners and the chief of police shall, during such period, make diligent inquiry to ascertain the person or persons to whom the same should by right be payable.

SACRAMENTO, CALIFORNIA, March 30, 1915

To the Senate and Assembly of the State of California:

GENTLEMEN Pursuant to the provisions of chapter 681 of the statutes of 1913, this commission was appointed by his Excellency, Hiram W. Johnson. The first meeting of the commission was held January 16, 1915. At that time the commission organized and took up for consideration a general survey of the work proposed under the provisions of chapter 681.

By the provisions of the Act creating it, the commission was directed to investigate and consider the various systems of old age insurance, old age pensions or annuities, also mothers' pensions or mothers' compensations now in use in different counties of this or other states, and as may be proposed or as are now in operation in other states of this country or in other countries. The commission was further directed to make a full and complete report of its findings with all data so obtained, properly tabulated, to the Legislature at its next regular session. The commission was also directed to report statistics showing the expense to the State of any system that it might recommend for adoption, together with any bills or its own relating to this subject that it might deem expedient.

A preliminary discussion of the work outlined in the statutes for the commission very quickly developed the fact that with the amount of the appropriation at the disposal of the commission it would be utterly impossible to make any intelligent report on the several subjects which the commission was directed to investigate.

It was apparent from the first that the preparation of any general statistical report alone would cost at least twice the amount of the total appropriation at the disposal of the commission.

The subject of old age insurance and old age pensions has been one with which foreign nations have dealt for forty years. The two nations which have accomplished concrete results along this line are notably England and Germany. An investigation and analysis of the data bearing on the experience of these two countries would be a necessary work in connection with the drafting of any old age insurance or pension in California. The time at the disposal of the commission was too limited for any such investigation.

Necessarily a system of mothers' pension or compensation would be a part of any social insurance scheme which the State would adopt, and this subject should be thoroughly investigated before any attempt should be made to draw new legislation.

An academic investigation of old age insurance and mothers' pensions would be of little value in the work of drafting laws of this character because of the totally different conditions under which these schemes have operated in other parts of the world. To make any such investigation full and comprehensive it would be essential to hold hearings throughout the State and determine at first hand just what the conditions might be in California relative to such a system, and how such a system would fit in with our social fabric. Of course the holding of these hearings was impossible with the appropriation at the disposal of the commission.

While the commission has been fearful of doing an injustice to the important subject matter it was directed to investigate by making an investigation which would necessarily be nothing more than perfunctory, the commission did find that it could be of service in connection with the consideration of the Orphan and Half Orphan Aid Act now in operation in California.

At its two sessions the commission devoted a great deal of time to conference with the children's agents of the State Board of Control. These children's agents have administered, under direction of the State Board of Control, the Orphan and Half Orphan Aid Act since August, 1913.

The examination of the records of the children's agents of the State Board of Control and the matters brought out at the conferences demonstrated beyond a doubt the wisdom of the creating of this supervisory control over the state aid fund. While the State prior to 1913 never exercised any real supervision over the expenditure of this fund, which was in excess of \$400,000.00 per annum, since August, 1913, an excellent supervision has been established at a minimum cost and data has been gathered which will be of inestimable value in connection with any investigation of social insurance in the future.

Unquestionably the results of the work of the children's agents will be brought to the attention of the Legislature in the report of the State Board of Control. It would therefore probably be inappropriate for this commission to further burden this report with details of the work done. This commission, however, deems it appropriate to recommend an earnest consideration of the work done since August 1913, in connection with this State aid, and this commission heartily endorses the

idea of continuing the present system of orphan and half orphan aid under the direction of the State Board of Control until such time as it shall be determined whether the State shall establish a system of social insurance including old age pensions, mothers' pensions, etc.

This commission recommends to the favorable consideration of the Legislature five suggestions made by the children's agents of the Board of Control in connection with the amending of the Orphan and Half Orphan Aid Act. These suggestions are as follows:

1. That the age limit under which children shall be allowed and shall be raised from fourteen years to fifteen years, so as to bring this law into logical juxtaposition with the school laws and the child labor laws of the State.

2. That a residence of at least two years in California shall be required as a condition precedent to the granting of State aid.

3. That illegitimate children shall be classed as half orphans instead of whole orphans, unless the mothers abandon all claims.

4. That section 209 of the Code of Civil Procedure be amended so as to require a step-father to support any children his wife may have by a former marriage.

5. That section 2283 of the Political Code be amended as follows:

"*Provided, however,* that the State shall not reimburse any county for aid unless such aid shall have been paid to the mothers or guardians of the children in legal money, unless permission shall first have been obtained from the State Board of Control to grant the allowance either in produce or other form."

The purpose of this amendment is to strike out the vicious system which prevails in so many counties of giving State aid to these mothers in the form of grocery orders and expedients of like character. The grocery order system readily lends itself to the erection of the system of petty tyranny, in which the grocer or merchant on whom the order is issued in reality becomes the judge of how much a dependent mother shall have for the support of her child.

The adoption of these amendments to the present Orphan and Half Orphan Aid Act this commission feels will prove a great benefit not only to the State but to the persons entitled to State aid.

A consideration of the future work in connection with determining the question of whether the State shall institute a system of social insurance, leads this commission to respectfully recommend that the Legislature shall provide for a further investigation of the entire subject of social insurance, and that the Legislature shall provide an appropriation adequate to properly carry out the investigation.

In order to bring about such results this commission recommends that a new Act be passed providing for the investigation and consideration of the various systems of social insurance, mothers' and widows' pensions and compensation in use in this country or in foreign countries.

The commission also recommends that the new investigating body be empowered and directed to hold hearings in the principal cities of the State for the purpose of investigating social conditions, and that the investigating body shall have the power to subpoena witnesses and to enforce their attendance.

The commission respectfully suggests that an appropriation of \$20,000.00, expended with proper economy, shall be sufficient to provide for a careful and comprehensive study of the subject.

The new commission should be directed to submit its final report to the next regular session of the Legislature.

Up to the present time this commission has expended \$207.54, detailed statement of which is hereto attached and made a part of this report in accordance with the law, leaving an unexpended balance in this appropriation of \$2,792.46.

Pending action by the Legislature this commission feels that it should conserve the balance of the appropriation of \$3,000.00 at its disposal, feeling that the expenditure of this sum of money would simply be an expenditure which would not properly meet the need for which it was made.

This report is respectfully submitted this 30th day of March, 1915.

ADDRESS.

The following address delivered by Hon. Grant Conard of the Seventy-ninth District, ordered printed in the Journal:

Mr. Speaker and Gentlemen of the Assembly: Five years ago a babe was born in California. That infant, unlike the goddess Minerva who sprung into existence full-grown and clad in glittering armor, was very small at birth, but, under the beneficent influence of the genial climate of California, has developed rapidly and reached maturity at the age of five years. The name of this native son of which I speak is the Panama-California Exposition. I am particularly interested in the Exposition, because I acted as a sort of nurse to the babe during the first few months of its existence, and while I am not its father, I may be said to be its god-father, for I stood sponsor for it at its christening.

When five years ago San Diego proclaimed to the world that she would hold an exposition to celebrate the completion of the Panama Canal, it seemed a gigantic undertaking. No other city of forty thousand people had ever dared to assume such a responsibility. As we look back to the year 1909, we, ourselves, marvel that we should have had the courage to undertake so great a task. But our dream has become a reality. This Exposition, representing an investment of ten million dollars, nearly one-half of which was furnished by our own citizens, opened its doors to the world at midnight, December 31, 1914. President Wilson, in the White House, touched a button that sent the electric current three thousand miles to the Magic City which had arisen on the shores of San Diego Bay; San Diego's dream was an accomplished fact, and the Panama-California Exposition proclaimed to the world the completion of the Panama Canal. On the stroke of midnight, with the spluttering and spitting of fire, which attracted the anxious gaze of the crowds, the gates of the Panama Canal swung open in fireworks, and before the lights had dimmed, letters broke through the mass of shooting flame, which read: "The land divided—the world united—San Diego, the first Port of Call."

At the hour of midnight, the President of the Panama-California Exposition Commission, presented to Governor Johnson the California Building in these words: "Governor Johnson, to you, as the highest representative of the State, we offer our grateful acknowledgment for the State's generosity; to you and the California Legislature, San Diego is indebted for an appropriation of \$250,000, which almost covers the cost of construction. Surely this California Building not only enriches the Exposition, but dignifies our city and contributes to the treasures of the nation. Here on this hill in Balboa Park we today dedicate the California Building. We dedicate it to noble uses—the study of life, the history of man, the sciences and arts—the high things of the mind and spirit. How fitting that such objects should find shelter in a stately temple. Through the genius of a great architect a temple of such nobility and beauty has arisen from this ground that one might well inscribe upon its doors 'Let only the reverent and thoughtful enter here.'"

Governor Johnson, in accepting the California Building, said:

"I am glad to be here; glad to take part in this celebration which we in the northern part of the State have been looking forward to as anxiously as you. The State is proud of what you are doing for California, and you have the undivided support of the people of the great Golden State in your efforts to show what we have within these boundaries."

He then presented the California Building—the beautiful structure erected by the State—to the Exposition. President Davidson accepting the building in the name of the Exposition, and expressed the hope that all California might profit by the Exposition.

At this opening of an Exposition unique in the history of the world, the President of the United States sent his personal representative, Hon. William McAdoo, Secretary of the Treasury, and the King of Spain was personally represented by Count Del Valle de Salazar. Among other notables present on this memorable occasion were ex-Lieutenant Governor Wallace of California, Governor Spry of Utah, Lieutenant Governor E. C. De Baca of New Mexico, a personal representative of the Governor of Arizona, Mayor Rolph of San Francisco, Mayor Mott of Oakland, John Barrett, Director-General of the Panama-American Union, Lyman Gage, ex-Secretary of the Treasury, and many other distinguished citizens.

The official dedication of the Exposition took place in the open air at noon on January 1, 1915, and California announced to the world that San Diego would be the host of the nation and of the world during the year 1915.

Mr. McAdoo presented a message from the President of the United States, congratulating the people of San Diego, and expressing the hope that at some later time he might have the pleasure of visiting the Exposition.

May I be permitted to quote a few words from the address of the Secretary of the Treasury

"It required imagination, courage, intelligence and industry to achieve this noble result. You have demonstrated that high order of American spirit which combines a lofty idealism with practical materialism. You have built this beautiful Exposition for the purpose of diffusing knowledge on the one hand, and encouraging constructive enterprises on the other. That you succeeded in both, I have no doubt, because you have put your case so strikingly and convincingly to the world that not alone San Diego, not alone California, not alone the West, but the entire country must benefit abundantly and enduringly. You have planted here a seed from which let us hope that there may spring such enlargement of knowledge, such fruition of industry, such ennoblement of ideals that it may redound to the benefit of mankind and the glory of God."

Count Salazar said: "To my mind this Exposition appears like a marvelous temple consecrated to human labor, human wisdom and human will, a tribute to the accomplishments of men who lived and those who are living today. His Majesty, the King, who studies and investigates all things—who is familiar with all sciences, acquainted with all great accomplishments, a true lover of the world's business, a sturdy worker—a man in the highest sense of the word, has a marked affection for the United States, and especially for California. This is a State in which our forefathers—discoverers and civilizers—have left an indelible stamp on the civilization of their times, full of deep truth, of real dreams, beautiful poetry."

Gentlemen, San Diego has done the impossible—single-handed, this city, which had less than 40,000 population when it began its task, has completed—has opened on time, and for three months successfully conducted an Exposition much more costly than any ever built in this country, excepting only the great expositions at Chicago, St. Louis and San Francisco. San Diego is advertising to the world the resources of California. Within the past three months over 500,000 people have passed through its gates, marveling at its beauty, and viewing with wonder the exhibits which the various counties of California have installed. It is safe to assume that of these 500,000 people, at least 100,000 are strangers within our gates. Is it not worth something to the State of California to have these strangers see the resources of California which are being displayed at San Diego? I want to say to you, gentlemen, that the city of San Diego, single-handed, has invested at least three and a half million dollars in the California Exposition. The State of California has invested only \$250,000, but the various counties have perhaps an investment of a million dollars more. We owe it to the people of San Diego, we owe it to the people of California, to accept the invitation to visit the Exposition on April 10th, and we should go down there in a manner befitting the representatives of the State of California. There is not a county in the State that would hesitate to expend \$2,000,000 to advertise the resources of its county. Don't you think you owe it to the people of San Diego who have expended so much to advertise the resources of California, to at least accept the invitation of the Exposition, and thus by your presence show to all the people of the State and to the United States that California is willing to pay her tribute to the little city that dared, to the little city that has accomplished the impossible.

As I have stated to you before, I had the honor to act as mayor of San Diego from 1909 to 1911. It may interest you to know that the census of 1910 gave San Diego approximately 40,000 people—today the post office officials give us a population of 110,000; five years ago the assessed valuation of all property in the city was \$40,000,000—today it is \$85,000,000; five years ago the bonded indebtedness of San Diego was \$2,000,000—today it is \$10,000,000. San Diego has bonded herself to the limit. In the past five years she has voted \$2,000,000 for Exposition purposes, \$4,000,000 to acquiring the water system, \$1,500,000 for harbor improvement, and a million more for other improvements made necessary by the rapid

growth of the city. Much of this money has been spent to advertise California throughout the United States. The million and a half we have spent in harbor improvements is for the benefit of the whole State. Surely no member of this Legislature will arise on his feet to say that San Diego has not done well and that California as a whole will not profit by this vast expenditure of money.

I have been asked many times during the past five years this question: "Why an Exposition at San Diego?" The answer is, "San Diego by reason of its location and its history, is the proper place to celebrate the great historical event—the completion of the Panama Canal. San Diego is a place of first things; it is the place where California began; San Diego Bay was the first to greet the white man's sail in 1542, was the first to welcome the battle-ship fleet in its historical cruise around the world in 1908; the first port to greet the first passenger ship that came through the canal last month. It was on the heights of San Diego that the first cross of Christian civilization was raised in 1769; here was founded the first of that marvelous line of missions that were built along the line of El Camino Real between San Diego and Sonoma, a distance of seven hundred miles, the remains of which now constitute the only historical ruins of any extent existing within the United States. It was on the shores of the Harbor of the Sun that Father Junipero Serra, in 1769, footsore and weary, but with a heart bursting with joy as he plucked a wild rose from its stem and said, "This is a beautiful land; the roses are like the roses of Castile." And in writing to his friend he said, "This is a splendid harbor. It will some day become one of the great harbors of the world."

San Diego is the place of first things. Here was planted the first vine, the first fig tree, the first olive tree, from which all of the olives in California have been propagated; here was built the first irrigation ditch. It was here on the heights of San Diego that the Stars and Stripes were first raised on the Pacific Coast in 1846. The old town of San Diego has the distinction of having lived under three flags, namely the flags of Spain, Mexico and the United States.

I ask you, gentlemen, to accept this invitation to visit this great Exposition of California, dedicated to this great historical event—the opening of the Panama Canal. I want you to see this beautiful Exposition; I want you to see the buildings. This magic city of old Spain that has been erected here on the shores of the Harbor of the Sun, I want you to see the California State Building and the great exhibits of archaeology and ethnology which we are going to donate to California. I want you to decide, as representatives of the State, whether or not you will accept from the Exposition this gift of these priceless treasures that are contained in the California Building and the Sciences of Man Building. We want you to see the California Building, we want you to partake of the hospitality of the people of San Diego. San Diego and the Panama-California Exposition invites the State of California, through her representatives, to come and see what she has accomplished. Gentlemen, in the name of the city of San Diego, in the name of the Panama-California Exposition, in the name of the California Building Commission of the Exposition, I ask you to accept this invitation.

In closing, I wish to refer briefly to a few of the many things that have been said by prominent people about our Exposition.

Edward Markham, California's venerable poet, says "The fair is far more extensive and beautiful than I expected. I was especially struck by the harmonious effect of the buildings and grounds. This fine display of mission architecture should be seen by every visitor to California. Over it all broods the spirit of poetic serenity and romantic beauty."

"This achievement is an honor to the genius and courage of the men who conceived it and gave it to the spirit of the dream a body of enduring beauty. It was a rare and keen delight to pass from the dream of the city into the sudden revelation of peaceful beauty. It was like stepping back into some corner in Arcadia or a flight into the world of which the race has dreamed since man began to dream."

Only yesterday the Vice-President of the United States, who has been visiting the Exposition at San Diego said: "When the President of the United States deemed that the austerity of his duty to the American people would prevent his coming to the Pacific slope to open with the necessary formalities the Panama-Pacific Exposition, and when he designated me to perform in his name that duty, he enjoined it upon me further that I should come to the city of San Diego and here view the Panama-California Exposition."

"I am glad he gave me this latter part of the mission, for while I can not indulge in comparisons I can truthfully say that this Exposition is a thing of beauty and a joy forever." If I were to express my opinion of the difference between the Exposition at the Golden Gate and this upon San Diego bay I should say that that was made for rapid movement, and this for genuine and unalloyed happiness.

"I want to congratulate you, not alone upon the marvel of these buildings upon the beauty of these grounds, upon the stateliness of this Exposition, upon the calm and peace and quietude of it but I want to compliment you upon something which I think is of far greater moment. I want to compliment you upon that courage and that faith which induced the people of San Diego to take charge of an Exposition for themselves and to bring it to a successful conclusion without outside interference or outside aid."

Franklin D. Roosevelt, Assistant Secretary of the Navy, speaks of the Exposition at San Diego as the "Exposition with a soul." He said: "In this short time

that I have been here at the Exposition, I have had what I think so many have had, a peculiar feeling and spirit of peace, a feeling that I don't want to go to the dictionary to explain it, but I want to sit down and drink it in. I think that the Exposition of San Diego can best be called 'the Exposition with a soul.'

"This Exposition, my friends, has meant to me very much the same spirit that we have in the navy. It has meant the spirit of service. It has meant that you are looking at this, not from a selfish point of view, not only from the point of view of San Diego, not only from the point of view of California, but from the point of view of the forty-eight states of the nation. It is truly a National Exposition. You have had courage, you have had unselfishness, and I can assure you that all of us who come here and go away will do our utmost to tell our friends throughout the country that you have made good.

"And we will tell them that we believe you are rendering true service, and that your work here stands for better things, that it stands for cleaner living and straighter thinking and higher ideals throughout the nation and down from generation to generation."

EXPLANATION OF VOTE.

The following explanation of vote was filed and ordered printed in the Journal:

By Mr. Speaker:

EXPLANATION OF VOTE.

I desire to explain my vote against the appropriation of money from the Assembly Contingent Fund for a visit to the San Diego Exposition.

Ever since I have been in the Assembly I have been strongly opposed to the practice of junketing trips, as being expensive to the State and taking the members away from their legislative duties, besides serving no good purpose which could not better be served some other way. During the last two legislative sessions we have practically eliminated such junketing trips.

Although it is stated—and possibly correctly so—that this proposed visit to the Panama-California Exposition is not intended as a junket; and although it is true that the sum appropriated in former years to convey two legislative committees to the Portland and the Seattle expositions was over four times the total sum appropriated this year to transport the entire Assembly to our two California expositions,—at the same time I can not but fear that appropriations like this of today may in future sessions, of the Legislature, be cited as a precedent for reviving the now obsolete, but formerly rampant, evil of the junket.

When the excursion to visit the San Francisco exposition was voted upon, I voted against the appropriation of money for that purpose, and finally succeeded in having the wording of the resolution so amended that each member might, if he so desired, pay his own expenses. In pursuance of this, I, and many other members of the Assembly, did purchase our own tickets and pay our own expenses.

I shall not go on this trip to San Diego, partly because of the physical strain involved in such a hurried excursion, and partly because I hope to go later, when I can give the week or two which our southern city and its justly famous exposition deserves. But if I did go I should want to pay my own expenses as on the trip to San Francisco, for I want to be in a position where I can ask the members of the Assembly to back me up in ironing upon any attempt to bring to life the long dead and happily forgotten practice of committee junkets.

C. C. YOUNG.

COMMUNICATION.

The following communication was filed by the Speaker and ordered printed in the Journal:

To the Assembly:

There has been this day handed me a memorial, or petition, purporting to be signed by Mrs. Frank Laduson, Jno. J. Duffy, and various other residents, citizens, electors, and taxpayers of the county of Del Norte, in which they charge John L.

Childs, a Judge of the Superior Court of the State of California, in and for the county of Del Norte, with misdemeanor in office, and ask for an investigation or impeachment of this judge for reasons stated in their petition.

I therefore present these matters to you for your consideration

To the Honorable C. C. Young, Speaker of the Assembly of the State of California, and to the members of said Assembly.

The complaint and petition of the undersigned residents, citizens electors, and taxpayers of the county of Del Norte, State of California, respectfully shows:

WHEREAS, At all times herein mentioned John L. Childs was and is the duly elected and acting Judge of the Superior Court of the State of California, in and for the county of Del Norte; and

WHEREAS, Said John L. Childs while in said office as said Superior Court Judge has been guilty of crimes and misdemeanors; and

WHEREAS, Said John L. Childs is grossly incompetent, unfair, and unqualified to occupy said judicial office, and discharge the duties thereof; and

WHEREAS, The basis of said charges will more particularly appear by reference to the matters herein set out, and the exhibits and affidavits hereto attached.

Now therefore your petitioners and complainants respectfully petition and pray that the Assembly of the State of California prepare articles of impeachment against said John L. Childs as Superior Court Judge aforesaid to be presented to the Senate of the State of California, and that an investigation be ordered of the charges herein made and specified and of the actions and conduct of said John L. Childs as Superior Court Judge aforesaid.

Complainants and petitioners specify that during all of the times that said John L. Childs has occupied the office of Judge of the Superior Court of the State of California, in and for the county of Del Norte, he has followed a line of conduct with relation to litigation and matters pending in his court in interviewing witnesses and litigants and persons charged with crime, and arriving at a judgment as to the merits of said litigation and matters and crimes and publicly expressing his opinion as to said litigation and matters and crimes prior to the hearing thereof, and without the presence of the litigants, or those charged with crime, and in this connection petitioners and complainants specify the following particulars:

(1) That in the month of January, 1913, a criminal complaint was filed in the Justice's Court of the township of Crescent City, county of Del Norte, State of California, charging one, Ruby Bartol, of having committed a statutory offense against the laws of the State of California: that a warrant of arrest thereafter issued and was placed in the hands of the sheriff of said Del Norte County for service; that at said time the said Ruby Bartol was a resident of Gold Beach, county of Curry, State of Oregon, that said John L. Childs accompanied said sheriff, to wit, one Andy Huffman, to said State of Oregon, and then and there without informing the said Ruby Bartol of the offense charged against her induced said Ruby Bartol to accompany said Huffman and said Childs to Crescent City, Del Norte County, State of California, and without having informed her as to her constitutional rights; that while at said Gold Beach, county and State aforesaid, said Childs in conversing with one W. A. Wood then and there a county judge of said Curry County said: "I have investigated the charges made against Mrs. Bartol, and know that she is guilty of the crime charged without a doubt. We are going to take her back to Crescent City and make her answer for her wrongdoing"; that subsequently the said Ruby Bartol was held to answer before said Superior Court in Del Norte County, said John L. Childs presiding, and placed upon trial in said court, said Childs presiding as judge thereof at said trial; that a verdict of guilty was rendered by the jury in said case; that thereafter the said Childs as said judge notwithstanding the fact that he had already expressed an opinion prior to said trial as to the absolute and unqualified guilt of said Ruby Bartol, sentenced her to a term of imprisonment of forty years in the state's prison of the State of California, where she is now confined.

Reference in support of this charge is hereby made to the affidavit of W. A. Wood hereto attached, marked Exhibit "A", and made a part hereof.

(2) That in the month of April, 1913, one J. P. Bowman then and there engaged in running a drug store in Crescent City aforesaid was declared a bankrupt; that thereafter said Bowman departed from said Del Norte County and took up his residence in the city and county of San Francisco, State of California; that after his arrival in said city and county a complaint was filed in the Justice's Court in Crescent City aforesaid, charging said Bowman with the crime of obtaining money under false pretenses; that while said charge was pending in said court, said Childs then sitting as a judge of extra sessions in the Superior Court of the State of California, in and for the city and county of San Francisco, approached one Waldemar H. Hamm, a former resident of Del Norte County aforesaid, and whom said Childs knew to be acquainted with said Bowman, and said Childs then and there stated to said Hamm that he desired to employ said Hamm as a detective for the purpose of tracing the movements of said Bowman from the time he left Grant's Pass, State of Oregon, until said Bowman arrived in San Francisco, (said Grant's Pass being on the route traveled by said Bowman in transit to San Francisco); that the employment was in relation to criminal proceedings pending against said

Bowman in said Del Norte County, that said Childs then and there stated to said Hamm that he believed that said Bowman left Crescent City aforesaid with opium and other valuable drugs valued at approximately \$2,000, and that the creditors of said Bowman desired to find the place where said drugs were sold by said Bowman; and said Childs then and there stated that he believed that said Bowman was guilty of the offense charged against him in said complaint on file in said Justice's Court, and that said Bowman ought to be convicted, that thereafter the said Bowman was held to answer before the Superior Court in said Del Norte County, said Childs presiding, that subsequently said Childs presided as judge at the trial of said Bowman, that the jury in said case returned a special verdict amounting to an acquittal of said defendant which if it had been entered and recorded by said Childs would have been binding upon the court and the said defendant would have been entitled to his discharge (cf *People vs Bowman*, 24 Cal. App. 787), but said Childs as judge aforesaid refused to declare said verdict and have it entered, and destroyed the same and announced to the jury, "This doesn't find him guilty of anything", that said jury thereupon returned a general verdict of guilty, and said Bowman was thereafter sentenced by said Childs to serve a term of seven years in San Quentin Prison where he is now confined.

Reference in support of this charge is hereby made to the affidavit of W. H. Hamm hereto attached, marked Exhibit "B" and made a part hereof.

(3) That in the month of November, 1910, one Thomas J. Whalen while an employee of Hobbs Wall & Co., a corporation engaged in logging operations in said Del Norte County suffered injuries, and contemplated bringing an action against said Company for damages for said injuries; that said Whalen engaged attorneys residing in Del Norte County and in Humboldt County for the purpose of instituting said action; that after receiving medical attention in a Hospital in said Crescent City and announcing his intention publicly of bringing action against said Company he was approached by said Childs in a saloon conducted by one William Murphy in said Crescent City, and said Childs then and there endeavored to compromise said action against said company by informing said Whalen that it was a foolish thing for said Whalen to bring action against said company, and that if said Whalen would remain in Del Norte County said company would set him up in business in a news and candy store; that said Whalen then and there refused to accept said offer of compromise for damages for injuries as aforesaid occasioned by the negligence of said company and more particularly set out in the complaint subsequently filed against said company; that thereafter the attorneys for said Whalen, believing that a fair and impartial trial of said action could not be secured before said Childs in said Del Norte County on account of the activity of said Childs on behalf of said company in endeavoring to discourage said Whalen from collecting damages for his said injuries, filed a complaint in the Superior Court of the State of California in and for the city and county of San Francisco, on the 15th day of April, 1911, against said company; that said action is number 35,223 in said Superior Court, and was then and there pending before Department 5, of said court; that thereafter the defendant in said action moved for a change of venue to the Superior Court in said Del Norte County, knowing of the activity of said Childs on behalf of said defendant as aforesaid in said Crescent City; that in opposition to defendant's motion for change of venue to Del Norte County from the city and county of San Francisco plaintiff Whalen made a certain affidavit which said affidavit is now on file in said court in said action, that a copy of part of said affidavit is hereto attached, marked Exhibit "C," and made a part hereof:

(2)

That said John L. Childs is indebted to various persons, firms, and corporations in said Del Norte County for various sums of money, as complainants and petitioners are informed and believe, and therefore specify, aggregating a total of \$25,000.00 to \$30,000.00; that said sums of money have been borrowed from time to time on unsecured notes from persons some of whom having matters pending before said court, said Childs presiding, and from corporations who have, and will continue to have litigation before said court, said Childs presiding, that said Childs has borrowed money from the custodians of the fund of incompetent persons, minors, and estates, and in this behalf complainants and petitioners specify:

(1) That in the Estate of Silas Moore, deceased, a matter in probate pending in said court, said Childs presiding, the said Childs was indebted to said estate in the sum of \$500.00 as and for a promissory note in said sum made and delivered by said Childs to said Moore in his life time, that said Childs failed and neglected to pay said note during the course of probate of said estate, and in the final decree of distribution signed by said Childs in said estate said note was distributed to the heirs of said Silas Moore, deceased; that thereafter said Childs failed, neglected and refused to pay said note to said heirs, and said indebtedness still remains unpaid; reference is hereby made to certified copy of the decree of distribution as aforesaid hereto attached, marked Exhibit "D" and made a part hereof.

(2) That said Childs became indebted to one Christian Fafri in his lifetime in the sum of \$2,000 upon two promissory notes in the sum of \$1,500 and \$500 respectively; that thereafter letters testamentary in said estate were issued out of said Superior Court in said Del Norte County, said Childs presiding as Judge thereof;

that during the course of probate of said estate said Childs failed, neglected and refused to pay said notes and said \$2,000; that thereafter the executors in said estate instituted suit in said court against said Childs and certain sureties who endorsed said notes, that said action is now pending in said Superior Court, and at no time in said proceedings in said estate did said Childs disqualify himself to sit in said matter.

Reference in support of this charge is hereby made to certified copy of inventory and appraisement in said estate, and demurrer in said action, marked Exhibit "E" and made a part hereof:

(3) That in a certain matter pending in said court and entitled "In the Matter of the Guardianship of the Person and Estate of Thomas J. Darby, an incompetent person," then and there pending in said court, said Childs presiding as judge thereof, said Childs became indebted to the guardian of said person and estate in the sum of \$3,000 borrowed from said guardian, and which said sum of money belonged to the person and estate of said incompetent, that while said matter was pending in said court, said Childs presiding as aforesaid, said Childs passed upon and approved the reports and accounts of said guardian; that thereafter the said incompetent died, and on 19th day of May, 1914, one Susan A. Duffy was appointed administratrix of the estate of said Thomas J. Darby, deceased; that since that time no inventory and appraisement in said estate has been returned and filed by said administratrix in said estate, that said estate on the filing of the last annual report of the said guardian consisted of assets amounting to \$14,000, the amount of cash on hand being only \$200, that said Childs has refused, neglected, and failed to pay said sum of \$3,000 to said estate, and has never disqualified himself to sit in said matter:

Reference in support of this charge is hereby made to the certified copies hereto attached, marked Exhibit "G", and made a part hereof:

(4) That said Childs while holding said office of judge of said Superior Court has at various times accepted employment as an attorney at law for individuals, firms, and corporations, and has performed legal services for which he has received compensation from said individuals, firms, and corporations; that said Childs acted in said capacity of attorney in promoting and organizing the Crescent City Bank, a corporation transacting a general banking business in Crescent City aforesaid; that thereafter he presented a bill to the directors of said bank in the sum of \$1,000 for legal services rendered, that said bank refused to pay said bill; that subsequent thereto said Childs approached an officer of said bank and made a proposition to said officer that if he would allow the claim of \$1,000 said Childs would split fees with him, that is, said Childs would give to said officer of said bank the sum of \$500; that within the last year he has acted in the capacity of attorney at law for a person charged with the commission of crime in the State of Oregon; that he is now acting as attorney at law in an estate now pending in said State of Oregon; that in accepting these various employments as an attorney at law said Childs has absented himself from the county of Del Norte from time to time, and has engaged in the dual capacity of an active practitioner and a judge; that there are several practicing attorneys at the bar of Del Norte County; that said Childs has advised litigants and persons having business before said court to employ one attorney in particular practicing at said bar, to wit, one George W. Howe; that said Howe is the personal attorney for said Childs in litigation pending in said Superior Court; and in this particular it is here specified that upon the death of one Sam Jordan in 1914, said Childs approached the heirs of said Jordan and advised the employment of said Howe as attorney for said estate; that said estate consisted of a certificate of deposit in the Bank of Crescent City in the sum of \$3,500; that said Childs at said time well knew that said Jordan at the date of his death was a resident of the State of Oregon; that on the death of one Louis De Martin of said Del Norte County said Childs approached the heirs of said De Martin and advised the employment of said Howe as attorney for said Estate; that said Childs then and there stated that he would fix the fee of said Howe at \$50; that said heirs employed said Howe who thereafter acted as attorney for said estate during probate proceedings therein in said court, that subsequent thereto said Howe presented a bill to said heirs in the sum of \$250 and informed said heirs that they would have to pay said sum as said Childs as judge aforesaid would fix that amount as the fee of said Howe as attorney for said estate.

Reference in support of these charges is hereby made to the affidavits hereto attached, marked Exhibit "H" and made a part hereof:

That said Childs is the editor, proprietor and manager of a certain newspaper printed and published in Crescent City aforesaid; that at various times said Childs has written editorials and published same in said newspaper directed against persons who have criticized the career and actions of said Childs as judge aforesaid; that said editorials contained abusive, scurrilous and libel slanders; that said newspaper is used by said Childs as a means of intimidating those who differ from him as to his conduct and actions as a judge, and as a citizen of said Del Norte County:

(4)

That said Childs is grossly incompetent and unfit to discharge the duties of office of judge of the Superior Court of the State of California, in and for the county of Del Norte, that said Childs ignores the plain mandates of law and fails to follow

the course of procedure in criminal matters and in civil matters pending in his court as prescribed by the constitution and statutes of the State of California, and in this particular complainants and petitioners specify

(1) That in the year 1914 one A. F. W. Walters being then and there the pastor of the Methodist Church in said Crescent City was a member of the committee of the juvenile court of said county of Del Norte, that there came before said committee in its regular order a case involving the disposition of five minors being then and there the children of one Ruby Bartol, said Ruby Bartol having theretofore been sentenced by said Childs as judge aforesaid to serve forty years in the state's prison at San Quentin; that said committee had recommended that the care, custody and control of said minors be given to the sister of said Ruby Bartol, said sister then residing at Hammon, Clatsop County, State of Oregon, that thereafter said Childs refused to send said children to said sister on the ground that said sister was not a fit person to have the care, custody and control of said children; that said Walters made investigation on behalf of said committee at the request of the board of supervisors of said county as to the fitness of said sister to receive said children, that testimony was received from numerous persons residing at Hammond aforesaid where said sister resided, that said children had been farmed out as political assets by said Childs in said county of Del Norte, and as a county charge, that said Childs criticised the actions of said Walters in said matter and published a defamatory article in his said newspaper denouncing said Walters as a liar and a disgrace to the community and to the ministry, and further stating that said Walters was a criminal; that said Walter thereupon filed a complaint with the justice of the peace in said Crescent City charging said Childs with criminal libel, that a warrant of arrest was thereupon issued directed against said Childs, that said justice of the peace set the preliminary hearing of said Childs on said charge; that said Childs ordered that said hearing take place in the court room of said Superior Court, and commanded the remaining justices of the peace in said Del Norte County to set *en banc* with the said justice of the peace in Crescent City to hear the evidence to be produced at said preliminary hearing, and that said Childs summoned a grand jury at the same time to hear said evidence at said preliminary hearing, that on the day of said hearing said justices of the peace assembled in said court room as aforesaid, and the said Childs as judge aforesaid duly impaneled the grand jury composed of nineteen members, and charged them to sit in open court and hear the evidence to be given at said preliminary hearing, and return a verdict on said evidence, that said Childs appeared at said hearing and charged the grand jury as presiding judge, that he charged the justices of the peace that they were there to hear the evidence and act together judicially as a judicial body; that said Childs appeared as prosecuting attorney and also as attorney for himself, that he examined the witnesses introduced at said hearing; that he interposed objections, and argued propositions of law, and charged said grand jury as to the weight they were to give to the evidence produced before them, and also charged the said justices of the peace aforesaid then and there sitting *en banc* as to the sufficiency of the evidence, and stated that he confidently expected an acquittal at their hands, that after the case was closed, the said justices of the peace *en banc* as aforesaid pronounced judgment discharging said Childs from custody; that said grand jury retired to deliberate upon a verdict, and a portion of them returned a verdict acquitting said Childs of said charge; that thereupon said Childs resumed the bench, and as Superior Court judge of said county complimented said justices of the peace and said grand jury upon their prompt discharge of business, and pronounced a judgment acquitting himself of said charge; that said court room was at all times filled with spectators who were not kept in order or restraint and who hooted and hissed during said proceedings and acted in a manner intimidatory of witnesses at said hearing, that in the presence of said spectators said Childs shamefully berated, abused, and denounced said Walters;

Reference is hereby made in support of this charge to the affidavit of said Walters hereto attached, marked Exhibit "F" and made a part hereof

(5)

That in the year 1912 the board of supervisors of said Del Norte County duly employed and appointed an expert to examine the books, records, and accounts of the various officers of the said county; that said expert as appears by his report filed with the county clerk of said county on the 26th day of July, 1912, reported that according to the auditor's statement there should have been in the custody of the county treasurer of said county on said 26th day of July, 1912, the sum of \$29,406.25; that no part of said sum was on said date in the possession or custody of said county treasurer, but that the whole thereof had been withdrawn and lent to various individuals and corporations for which no security had been given, that of said sum the following corporations had obtained and were using in their business without any security whatsoever being given therefor, the following amounts:

Hobbs, Wall & Co.	\$15,617 70
Crescent City Bank	6,000 00

that other sums were represented by tags and checks in varying sums from \$100.00 to \$1,000.00, that the looting and depletion of said county treasury had been in progress a number of years, that during said years said Childs while presiding as judge aforesaid had, in violation of the constitutional provision to that effect, failed and neglected annually to summon a grand jury of the taxpayers of said county to investigate the internal administration and affairs of said county; that said expert in his supplementary report to the board of supervisors of said county, and which is a matter of public record in said Del Norte County, stated:

My statement of conditions in office of treasurer were even worse than stated in my report. An order for a grand jury was made on Monday, August 5th, and placed in the hands of W. L. Nichols, county clerk, with instructions from Judge Childs, not to place names of grand jurors in hands of Sheriff Huffman before Wednesday, the 7th inst., and not then if shortage in treasury had been made good in the mean time.

Sufficient effort to secure the money made in the interim justified County Clerk Nichols, in still holding names of grand jurors pending an actual count of money made on Thursday, August 8, 1912, at 3 p.m., when it was found that actual money had been placed in treasury to cover all unsecured paper except Hobbs, Wall & Co., they agreeing with auditing board that their paper amounting to \$9,567.70 would be taken up and actual money be paid treasurer to cover it, by 10 a.m. on Monday, August 12, 1912. Judge John L. Childs was notified of conditions by telephone and agreeable to his decision, the order for grand jury was rescinded this ninth day of August, 1912.

(Sg) P. W. GAYNOR, Examiner

That the expert recommended that proceedings be instituted to collect interest from the various corporations and individuals using the money of said county contributed by the taxpayers of said county, and stated that the amount of money carried in deposits held and used by the banks and firms for the past two fiscal years (and which were totally unsecured) was as follows:

June 30, 1910	-----	\$13,149 10
Aug. 31, 1910	-----	11,400 00

CONCLUSION.

In conclusion we the undersigned residents, citizens, electors and taxpayers of the county of Del Norte, State of California, come to this Legislature and present a case unparalleled in the history of jurisprudence in this country. We have the spectacle of a man occupying the exalted position of superior judge of this State and in our community and by his actions and conduct bringing the court and its process into contempt and causing it to become a matter of jest and ridicule by the general public. He has used his office to terrorize our people and the voting population until, today in the county of Del Norte property and personal rights are jeopardized to a degree that they are only valued by the personal whim and caprice of said Childs. We have enumerated herein some of the matters which we claim entitles us to be heard before your honorable body sitting as an investigating committee. There are many other matters which we will present if permitted so to do that will disclose this man to be a menace to law and order and to the honest administration of public affairs, instead of being an exemplar of integrity, dignity, and intelligence in our community for our children. There has been held up to the people of Del Norte County a man who by his actions and conduct has established false standards for our children, and who has been in the community an example for evil and injustice.

Not only in the looting of estates but also in the looting of the county treasury were we denied that investigation that we are now seeking from your honorable body.

A peculiar condition exists in Del Norte County; we are isolated from the railroad, our only means of travel is by water or by stage a hundred miles to the nearest railroad. The voting population comprises a great many illiterate and

Indian voters. These voters have been, for years, under the control and manipulation of said John L. Childs and he has at all times used them to his advantage together with the transient voters who work in the logging camps and elsewhere and who are not bona fide residents of the community, but who, nevertheless have gotten upon the great register in said county and are used by said Childs to perpetuate himself in said public office.

We confidently look to this Legislature as the only body that can give us relief in the premises; we are asking only what we feel we deserve, that is a complete investigation into the office of Superior Court judge of the county of Del Norte, State of California, and the conduct and actions of John L. Childs as said Superior Court Judge

I, W. A. Wood, being first duly sworn, depose and say: I am a citizen of the State of Oregon, and a resident of the county of Curry. I do now, and for several years last past have resided at the town of Gold Beach, in said Curry County. I am now and for about two years last past have been acquainted with Mrs. Ruby Bartol. I saw Mrs. Bartol several months ago, on the day that she was arrested by Sheriff Andy Huffman of Del Norte County, California, accompanied by Judge John L. Childs. I am very well acquainted with both, Judge John L. Childs, and Sheriff Andy Huffman. They came to my office at Gold Beach, and Judge Childs said that they wanted to see Mrs. Bartol, and at their request I sent for her and had her come to my office. When she arrived, Judge Childs told her that they wanted her to go to Crescent City with them. He did not tell her what they wanted with her.

That day in a conversation that I had with Judge Childs, just before they started for Crescent City, he said to me, "I have investigated the charges made against Mrs. Bartol, and I know that she is guilty of the crime charged without a doubt."

He further said: "We are going to take her back to Crescent City, and make her answer for her wrong doing."

Further deponent sayeth not.

Waldemar H Hamm, being first duly sworn deposes and says That he is twenty-nine (29) years of age, a citizen of the United States, and resides at Number 6433 Regent Street, Oakland, California; that he is acquainted with John L. Childs, Judge of the Superior Court of Del Norte County, and has been acquainted with him for three (3) years last past; that during the month of February, 1913, when said Judge John L. Childs was holding a session of court in the city of San Francisco, affiant called on said Childs at the Cornelia Apartments in this city where said judge when then residing with his family; that the relation between said Childs and affiant

had always been of a very friendly nature: that while in his said apartments said Childs sought a personal interview with affiant without the presence or hearing of any other person and then said to affiant, "Do you want a position as a detective?" I asked him the nature of the work. He said, "It is in relation to the criminal proceedings pending against Bowman, (meaning J. P. Bowman the defendant). In the interest of the creditors of Bowman I am seeking a man to trace the movements of Bowman from the time he left Grants Pass for San Francisco. I can furnish you with the date of his arrival and departure from Grants Pass and the date of his arrival in San Francisco and where he stopped upon his arrival in San Francisco. We know that before he left Crescent City he had in stock opium and other valuable drugs valued at approximately two thousand dollars (\$2,000) and as those drugs are not now at his store, it is plain to see that he has disposed of them in some manner. What we want to find is the place where they were sold. This will be a rather difficult matter, as it is likely that he sold them to some retail drug store, whether in San Francisco, or some point between there and Grants Pass, it is hard to say. If you want to undertake this work, I will give you a personal letter of introduction to Mr. Ed. Murphy, and will notify the creditors of Del Norte County that I have secured a man to start on the work of tracing the drugs. Your wages will be five dollars per day and traveling expenses, should they become necessary. You can think this matter over for a few days and come up to my chambers Tuesday morning and advise me if you care to undertake the work."

I called on John L. Childs at his chambers in the City Hall of San Francisco on the day appointed and then and there stated to him my objections to carrying on any such work and further stated that I would have nothing whatever to do with the case.

No. 35,223.

STATE OF CALIFORNIA,)

Thomas J. Whalen, being first duly sworn deposes and says:

That he is the plaintiff in the above entitled action, that John L. Childs at the time of the commencement of this action was and ever since has been and now is and was at all times herein mentioned, the duly elected, qualified and acting Judge of the Superior Court of the said county of Del Norte, State of California, and that there is only one department in said Superior Court of said Del Norte County, and that there is only one judge of the said Superior Court in said Del Norte County, that the said John L. Childs is not qualified to act in the trial of this case for the following reasons, to wit:

That after your affiant received the injury complained of in the complaint herein and after he had left the hospital where your affiant had been treated for said injury and on or about the ____ day of November, 1910, the said John L. Childs came into the saloon of one William Murphy in Crescent City in the said county of Del Norte, State of California, and attempted to compromise said suit with your affiant; that your affiant was sitting down by a table in said saloon when the said John L. Childs came in and took a chair alongside of your affiant and stated to your affiant that he had heard that your affiant was going to leave said Del Norte County, to which your affiant then and there told the said John L. Childs that that was his intention; the said John L. Childs thereupon informed plaintiff that it was a foolish thing for him to do and that if he would remain in Del Norte County, the company (meaning the defendant herein) would set him up in a newstand and candy store in said Crescent City, whereupon your affiant refused to accept said offer as a compromise for the damages sustained by him by reason of the injury and negligence of the defendant as set up in the complaint on file herein; that the said John L. Childs at the said time was the duly qualified, elected and acting judge of the Superior Court of said county and came into said saloon primarily to get your affiant to compromise said claim for damages as he came directly into said saloon where your affiant was sitting, held the above conversation with your affiant and immediately upon being informed that your affiant would not compromise upon the business outlined by the said John L. Childs, left the plaintiff without transacting or attempting to transact any other business in said saloon; that your affiant at said time had presented no claim for damages against said defendant nor had he

stated nor had he informed said company that he intended to sue them but that the said John L. Childs visited your affiant in said saloon wholly unsolicited by your affiant.

A. F. W. Walters, being duly sworn deposes and says.

That he was pastor of the Methodist Church at Crescent City during the years 1913 and 1914; that he has occupied various pulpits in the ministry in California for the past twenty years, and at present is pastor of the Methodist Church at Half Moon Bay; that in the year 1913 he was a member of the Juvenile Court of Del Norte County; that in March of that year there came before the committee in its regular order, a case involving the disposition of five minors, children of one Ruby Bartol, who had been sentenced to serve forty years in the state's prison at San Quentin, by the Superior Court of Del Norte County; that the mother had expressed a wish to the committee that all the children be sent to her sister who was living and residing at Hammond, Clatsop County, Oregon; that thereupon the committee communicated with the sister, who consented to receive and care for the children without cost to the county. The children were then a charge on the county. The question then arose as to whether the children would be sent to the sister or retained in Del Norte County. Investigation was made at the request of the Board of Supervisors as to the fitness of the sister to receive and rear the children, and testimonials as to her standing and character were received from numerous persons, residents of Hammond, who were acquainted with Mrs. Eckman, the sister. Strong opposition then manifested itself to the removal of the children in the person of Judge J. L. Childs, who refused positively to give his consent to the removal of the children, the children were being cared for by various persons in Del Norte County at a monthly charge to the county, the entire county became engaged in the controversy which revolved around the character of the sister, as to her fitness to rear the children, this affiant took a prominent part in favor of sending the children to the sister, and in this was backed up by the board of supervisors and several hundred citizens and taxpayers who signed a petition asking that the sister be given the children. This affiant wrote numerous letters to prominent citizens, including county officials, where Mrs. Eckman the sister resided, and received replies favorable to the fitness of Mrs. Eckman to care for the children. The county judge at Clatsop County, Oregon, signed a petition agreeing to place the children in the jurisdiction of the Juvenile Court there as soon as they arrived. This affiant published this correspondence, and also several articles giving his views on the question in an opposition paper published in Del Norte County. Judge Childs has at various times himself been the owner and editor of a newspaper in Crescent City, and becoming enraged at the opposition of affiant to his (Childs') idea as to the course to be pursued in the disposition of the Bartol children, and angry because of the publication of the said correspondence by affiant, wrote several editorials and published them in his said paper in which he accused affiant of having forged the letters he received from the parties mentioned, and made it so uncomfortable and unpleasant for affiant that he resigned from the Juvenile Court, and in his published resignation in the opposing newspaper at Crescent City, affiant gave his reason for so doing. Judge Childs then wrote and published the following editorial in his newspaper:

"In his published resignation from the above committee, therefore, the Rev. Walters seems to have told three lies about those people. In other words he seems to be a liar three times. He seems to have told six lies about the Court. The fact is the Rev. A. F. W. Walters is a liar. We have very little space for such stuff, and we want to make ourselves clear—hence the strong language. The Rev. A. F. W. Walters, P. C., has joined hands with the worst set of criminals in history. He is working for them and lying for them. Our Lord and Master while on earth said, 'Suffer little children to come unto Me, and forbid them not, for of such is the kingdom of Heaven.' The Rev. Walters wants to send them to Hell. He is and has been doing his best to that end and has tried to mislead the court and committee by publishing letters purporting to be the words of others, which he wrote himself. The Rev. Walters is an awful liar, and should be turned out of the ministry and out of the church and kept out until he gets religion. Judas Iscariot was no worse than is the Rev. A. F. W. Walters, P. C. Judas Iscariot betrayed One, Walters betrayed five, and the five are helpless little children." etc

Upon the publication of this libelous article, affiant filed a criminal libel charge against Judge Childs with Justice of the Peace Conners of Crescent City Township, Del Norte County, and upon it a warrant was issued and Judge Childs was arrested; the case was set for preliminary examination. At that preliminary examination Judge Childs summoned a grand jury to be present at the trial; he also sent for the remaining justices of the peace of the county, to wit, Judge Peter Maas, of Smith River Township, and Judge Taylor, Justice of the Peace at Requa Township, and commanded them to sit *en banc* with Justice Conners of Crescent City; he impaneled a grand jury of nineteen men, appointed a foreman and informed them of the charge that had been made against him before the justice

of the peace in Crescent City Township, and requested them to sit in open court and hear the testimony that would be given before the three justices of the peace sitting *en banc* and return a verdict on the evidence, which they did.

In charging the grand jury, the court, after some general remarks, as to the duty of the court enjoined upon him by law, in effect said

"Gentlemen of the Grand Jury I, as Judge of this court, have been accused of the crime of criminal libel. I have ordered Justice Peter Maas, of Smith River, and Justice William Taylor, of Requa, to come and sit with Justice Connors, the justice before whom the charge has been filed, at the preliminary examination, and I have caused you to be summoned and impaneled to sit with the committing magistrate and his associates, at the preliminary hearing this afternoon, at two o'clock, in this court room, and I charge you to give particular attention to the evidence to be given. You will now be excused until two o'clock this afternoon when you will meet with all the justices of the peace of this county sitting *en banc*"

At two o'clock in the afternoon of July 14, 1914, the Justice Court of Crescent City Township, Justice James Connors, presiding, convened at the court room of the Superior Court, Peter Maas, justice of the peace of Smith River Township, and William Taylor, justice of the peace of Requa Township, sitting with Justice James Connors, with the grand jury, consisting of nineteen persons, previously impaneled, sworn and instructed by the court, occupying seats in the trial jury box. Judge Childs conducted his own case, by examining and cross-examining witnesses, and by arguing motions and objections and all questions of law as they arose on the hearing.

The whole of the afternoon of July 14th and most of the day of July 15th, was occupied in the conduct of the preliminary examination. The taking of testimony having been concluded, the case was argued by Judge Childs to the grand jury, and at the close of the argument the grand jury was instructed by the court, Justice of the Peace James Connors, to retire and to consider of their verdict; whereupon the grand jury was conducted to the sheriff's office, where several of the nineteen grand jurors, absolutely refused to participate further in the farce being played, and others however, returned into court subsequently, with a verdict of not guilty. The presiding justice, James Connors, received the verdict, and after a few moments consultation with his associates, Maas and Taylor, discharged the defendant. Judge Childs at once convened the Superior Court and thanked the grand jury for their speedy dispatch of business, and shamefully upbraided this affiant for his want of truthfulness, and adjourned the proceedings

By Mr. Mouser:

"HORSEPOWER RATING OF AUTOMOBILE ENGINES"

During the past ten or twelve years a number of rules, formulas or methods have been advanced for determining horsepower of automobile engines.

Methods have been suggested:

- 1—For the purpose of sale.
- 2—For the purpose of taxation.
- 3—For the purpose of competitions.

It may be possible to construct a formula that would embrace all points upon which depend the development of power in a gas engine, but these points are so numerous and of such character as to make it practically impossible to express a good working rule that will express with accuracy the horsepower of all gas engines. It is, of course, possible to make brake tests of the engines of a large number of stock machines of each particular make and size and thereby establish the power at which each engine should be rated. Such a proceeding would be so expensive in apparatus and time as to be prohibitive.

The practical thing to do, therefore, is to select or develop a good working plan covering easily checked engine dimensions and expressing with approximation to accuracy the horsepower of engines of the various designs and sizes with which we have to deal. Such a formula should be simple, easily handled and should not involve long and tedious computations.

In 1906, the Royal Automobile Club (R. A. C.) of Great Britain published the well known formula:

$$\text{H.P.} = 0.4 D^2 N.$$

Where—

D = cylinder diameter in inches;

N = number of cylinders.

This formula is based on an assumed mean effective pressure in the cylinder of 67.2 pounds per square inch, with a piston speed of 1,000 feet per minute, and it was understood at the time of its publication that it was for rating automobile engines for the purpose of competition only. In round numbers, it rated the engines at 1 horsepower for each 2 square inches area of the pistons, regardless of the length of stroke or the revolutions per minute.

That this formula was defective was soon recognized, and several automobile associations appointed committees to investigate the subject. Its chief defects may be summarized thus: 'It assumes values for both the mean effective pressure and the piston speed, and its form admits of no such correction in its constant as would allow for the increase of mean effective pressure which takes place with increase in the diameter of cylinders, or for the increase in piston speed which occurs with an increase in the ratio of length of stroke to diameter of cylinder—the so-called stroke-bore ratio.' (Engineering, Vol. 91, page 192.) 'The fact that for the first race held under this formula makers designed special long-stroke engines shows that it was well known at the time it was adopted that the possible piston speed increased as the stroke was lengthened.' (Engineering, Vol. 87, page 839.) In 1911, Mr. H. L. Pomeroy read a paper before the Institute of Automobile Engineers entitled "Engines Designed for Taking Advantage of Horsepower Rating Rules," regarding which "Engineering" (Vol. 92, page 802) makes the following comment:

"This paper is a most valuable contribution to the literature of engine rating for it is the first serious attempt to go into the point which ought to be thoroughly considered before making a rating rule—namely, what it will produce if makers build special engines to 'cheat the rule.' His article further states regarding the old R. A. C. rule that where taxation was based on this rule, the result would be production of long-stroke engines, except in those cases where money was of so little consequence that the taxes did not influence the purchaser."

The R. A. C. formula was adopted some years ago by the Association of Licensed Automobile Manufacturers (A. L. A. M.) and is commonly known in this country by this caption. They publish the formula in the following form:

$$\text{H.P.} = D^2 N \div 25.$$

expressing the constant in the form of a divisor instead of a decimal coefficient. This is the formula used by the Motor Vehicle Division of the State Department of Engineering (California) throughout the year 1914 for the rating of automobile engines.

Starting with the thermodynamic principles underlying the generation of power in a gasoline engine cylinder, Wm. D. Ennis, Professor of Mechanical Engineering at the Polytechnic Institute of Brooklyn, New York, and a member of the American Society of Mechanical Engineers, derives a formula for the power developed by a gasoline engine working under the following conditions, which are considered good practice

- (1). A pre-compression pressure of 12 pounds per square inch absolute and a temperature of 200 degrees Fahrenheit.
- (2). Compression takes place along the curve $PV^{1.3} = \text{a constant}$.
- (3). A temperature after compression of 600 degrees Fahrenheit.
- (4). A temperature after ignition of 3,000 degrees Fahrenheit
- (5). Expansion takes place along the curve $PV^{1.33} = \text{a constant}$

$$H. P. = \frac{ALRN}{12,620}$$

where,

A=area of piston in square inches

L=length of stroke in inches,

R=revolutions per minute;

N=number of cylinders,

12,620=a constant developed from the thermodynamic conditions stated above.

For one revolution of the engine the piston travels $2L$ inches, or $\frac{2L}{12} = \frac{L}{6}$ feet

If we let S = the piston speed in feet per minute, then for R revolutions per minute,

$$S = \frac{LR}{6}, \text{ or } 6S = LR$$

In an investigation of automobile engine performances the Institute of Automobile Engineers found from tests made on 101 automobile engines that the following formula expresses the relation between the rated piston speed and the cylinder dimensions of the engine:

$$S = 600 \left(\frac{L}{D} \text{ plus } 1 \right)$$

Now since $S = \frac{LR}{6}$, we have

$$600 \left(\frac{L}{D} \text{ plus } 1 \right) = \frac{LR}{6}$$

and hence

$$LR = 3600 \left(\frac{L}{D} \text{ plus } 1 \right)$$

Substituting this value of LR in the formula:

$$H. P. = \frac{ALRN}{12,620}$$

and also substituting for A its value in terms of D , viz., $0.7854 D^2$, we have

$$H. P. = \frac{0.7854 D^2 \times 3600 \left(\frac{L}{D} \text{ plus } 1 \right) \times N}{12,620}$$

$$= 0.224 \left(\frac{L}{D} \text{ plus } 1 \right) D^2 N$$

$$= 0.224 \left(\frac{L \text{ plus } D}{D} \right) D^2 N$$

$$= 0.224 (L \text{ plus } D) D N$$

This is the formula now in use by the Motor Vehicle Division for the rating of automobile engines.

The Society of Motor Manufacturers and Traders (S. M. M. T.) carried on a series of tests from which they developed the following formula for the rated horse power of touring car engines:

$$H. P. = 0.197 (D-1) (L \text{ plus } 2D) N$$

Mr. Mervyn O'Gorman, Chairman of the Technical Committee of the Royal Automobile Club of Great Britain, has derived the following formula from the results of road tests made on a numbering of touring cars:

$$H. P. = 0.46 D^{1.6} L^{0.4} N$$

The accompanying print shows in tabular and graphical form a comparison of the ratings of various automobile engines as given by the O'Gorman, the S. M. M. T. and the State of California formulas, from which it is seen that the latter gives a very close average of the other two, both of which are formulas of recognized standing and reliability. It is also to be noted that the California formula is somewhat simpler and involves fewer operations in its solution than either of the others.

PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Mr. Speaker:

SAN FRANCISCO, April 5, 1915.

To the Honorable Members of the Assembly, State of California, Sacramento, California.

GENTLEMEN: Herewith please find several printed copies of a report recently presented by a committee of five, representing the membership of the San Joaquin and Sacramento River Improvement Association, on the flood menace of the Sacramento River to the lands along the river and the delta lands along the lower San Joaquin and its tributaries as well.

This report was unanimously adopted by the trustees of this association and carries several important recommendations. I desire to particularly call your attention to the recommendation for an appropriation of \$500,000.00 from the State at this session of the Legislature for continuing the work that has been under way for nearly two years on the Sacramento River between Rio Vista and Collinsville, commonly called uncorking the mouth of the river. The two mammoth hydraulic dredgers which commenced operation in the summer of 1913 have removed possibly more than 4,000,000 cubic yards of material from the bed of the river, and in places the channel width of the river has been also increased. The work that has been done by these dredgers has undoubtedly lowered the flood plane at Rio Vista by flattening the flood wave from Cache Slough to Collinsville, thus increased the margin of safety to the City of Sacramento and the delta lands below.

This association, representing a membership of several hundred lauded and other interests of the Sacramento and San Joaquin Delta, has been working ceaselessly during the past six years in endeavoring to bring about a solution of the flood problem of the Sacramento River, and we take this opportunity of expressing our deep appreciation for the valuable support this great cause has received from Governor Hiram Johnson and the members of the State Legislature. We hope for the assurance that the money as needed will be provided by the State and Federal governments to carry on this work now under way from Cache Slough to Collinsville without any interruption until the work is finally completed.

Respectfully yours,

A. E. ANDERSON.

SAN FRANCISCO, CALIFORNIA, March 17, 1915.

To the Trustees and Members of the San Joaquin and Sacramento River Improvement Association:

This committee was appointed from the membership of this association for the purpose of investigating fully and reporting to the association the condition of the present flood menace to the Sacramento River and to all property along it, the value of the flood control project in protection therefrom, and a plan of active work which will assist in the early completion of the project.

The committee, accompanied by several of the trustees of this association, made an inspection of the Sacramento River in daylight from Collinsville to Sacramento on March 12th, and on the following day an inspection of the Sacramento River in daylight from Meridian to Sacramento. U. S. Assistant Engineer Chas R Hall accompanied our party from San Francisco to Rio Vista, U. S. Assistant Engineer H. H. Wadsworth accompanied our party from San Francisco to Sacramento, and the following day from Meridian to Sacramento. Mr. Hall and Mr Wadsworth outlined to us the proposed comprehensive plan prepared by the California Debris Commission for control of the flood waters of the Sacramento River system from carefully prepared maps, and pointed out to us the work that has already been done on the lower river, namely, the building of the new government levees on Dos Rios Island and across Baker's Point, the widening of the channel below Baker's Point,

and the dredging operations now under way along the Joseph District below Rio Vista. Engineer Wadsworth pointed out to us the location of the proposed by-passes and weirs that are intended to carry the water from Sutter Basin and the American River into the Yolo Basin. We also inspected the Knight's Landing cut, and it was explained to us by Mr. Wadsworth how the waters from Colusa Basin on the west side are to be carried through the ridge and emptied into the Yolo Basin below.

On the trip from Meridian to Sacramento your committee viewed a vast body of water, possibly 30 miles in length, and an average of 10 miles in width on each side of the Sacramento River. The lands inundated on the east side are known as the Sutter Basin lands, the lands inundated on the west side are known as the Colusa Basin lands. The Sacramento River from the mouth of Feather River to the head of Sutter Basin being narrow and crooked can carry but a small portion of the flood water. It must, therefore, be admitted that the lands of the Colusa Basin and the lands of the Sutter Basin can not be permanently reclaimed except by maintaining substantial levees along the river, also it is necessary to provide an outlet for the waters of Colusa Basin into the Yolo Basin, and a by-pass channel through the Sutter Basin with capacity sufficient to carry the surplus water not carried by the river proper. This surplus water must be emptied over weirs and into the Yolo Basin below Knight's Landing. The proposed by-pass through the Yolo Basin must be adequate to provide for carrying all of the flood water of the American River in addition to the water from the Colusa and Sutter Basins and a sufficient outlet for the Yolo Basin water from Cache Slough to Collinsville must be provided.

This comprehensive plan also proposes that the Sacramento River from the junction of Cache Slough, Stearnboat Slough and Old River to Collinsville shall be widened to a uniform width of approximately 2700 feet, and deepened to a uniform depth of from 30 to 35 feet to provide a carrying capacity of 600,000 cubic second feet of water, and we are informed that it would take five dredgers of the type of dredgers "Sacramento" and "San Joaquin" now in use, at least six years to complete this single unit of the project and the cost would be approximately between \$8,000,000.00 and \$9,000,000.00.

We now, therefore, submit the following for your earnest attention and careful consideration.

1. The flood waters of the Sacramento River system are a great menace to the lands of the Sacramento Valley above Sacramento City, and to the lower delta lands of the Sacramento and San Joaquin Rivers and their tributaries, therefore the necessity of carrying out, as speedily as possible, some comprehensive plan for the control of these flood waters.

2. The present plan as outlined by the California Debris Commission, and endorsed by the State, which plan was fully explained to this committee by U. S. Assistant Engineers Hall and Wadsworth, is, in our opinion, the only feasible and economic plan consistent with the interests of navigation and reclamation. We therefore recommend carrying out this plan as speedily as possible, and with this end in view we earnestly appeal for the support and co-operation of our representatives in Congress, and in the State Legislature to all the commercial organizations of California, and to the individual river land owners.

3. We firmly believe that the first and most important step in the carrying out of this comprehensive plan is the enlarging of the outlet of the Sacramento River from Cache Slough to Collinsville, and we can not too strongly emphasize the necessity of bringing this fact to the attention of the State Reclamation Board and the U. S. Engineers.

4. We are also firmly convinced that the discharge of flood water from the Sutter Basin and from the Colusa Basin and from the American River into the Yolo Basin should be regulated and controlled by the authority of the Secretary of War of the United States, so as not to permit a greater volume of water to flow through the Yolo Basin than the river can accommodate from the Junction of Cache Slough and Yolo Basin to Collinsville. This we firmly believe not only absolutely necessary for the preservation and safety of Sacramento City and the reclaimed delta lands along the lower Sacramento and San Joaquin rivers and their tributaries, but for the existence and preservation of the navigable channels of these rivers as well.

5. Recognizing the necessity of expediting the work now under way in enlarging the outlet of the Sacramento River below Rio Vista, and believing this to be the first and most important unit of this great comprehensive plan for solving the problem of flood control and restoration and protection of the navigable channels, we strongly recommend that this association urge upon the State Legislature at the present session an appropriation of \$500,000.00 to become available upon an appropriation of a like amount from Congress as soon as possible.

6. We recommend that a printed copy of this report be furnished each member of this association, also that a copy be transmitted to the State Reclamation Board, also to the California Debris Commission.

Respectfully submitted,

(Signed)

To the Hon. C. C. Young, Speaker of the Assembly of the Legislature of the State of California, and the Members of said Assembly, Sacramento, California:

SIR: We, the undersigned, merchants, manufacturers, producers and dealers in agricultural and mineral products who have, for many years, as an important incident in the conduct of our respective businesses, been engaged in shipping goods by ocean carriers between California ports, respectfully represent that heretofore under the free competition which has existed in such water transportation, we have enjoyed and now enjoy low rates and good service.

Concerning this matter there is no evil to be remedied. Regulation of this traffic by the State Railroad Commission certainly cannot assist us and we very much fear that any interference with this free competition now and heretofore existing among shipowners and operators will hurt us and the public generally, ultimately resulting in discrimination against the industries of this State. The "Public Utilities Act" of the State of California now and since 1911, has provided for the regulation of such traffic to the extent that it was carried on by vessels engaged in regular routes. This law, however, has not been enforced owing to the fact that its constitutionality was in doubt until about a month ago when the Supreme Court of the United States upheld same. State Railroad Commission now intends to enforce this law and by an amendment to Senate Bill 457 it is proposed to extend the jurisdiction of the commission to all ocean transportation—irregular as well as regular—between California ports. Said bill is now pending before your body. We hereby declare our opposition to said amendment and favor the adoption of any amendment which will result in the restoration of free competition in ocean transportation of all kinds, without restriction or restraint by said commission or any one else. We urge upon the members of this House the inadvisability of compelling the abandonment of a practice which has worked so admirably from all points of view, particularly as our experience indicates there is practically no demand for such change, from the people who are immediately affected, or for that matter, from the people of the State of California.
